response within 3 days

Dear Rosemary,

I am in receipt of your notice mailed on November 14, 2023 and received on November 22, 2023. I have read your letter (**NOTICE**) and the **ORDER BY THE COMMISSION**. I have read through section 1501 PUC (code) 66 Pa. C.S. Now it seems that someone, (probably me and other complainants), are in violation of some rule under section 1501 of Public Utility Code. Really? Which one? The purpose of this letter is to **CANCEL** any and all implied consent that you and the PAPUC think you have in my case. I no longer wish debate the merits of my complaint with either the PUC ALJ's or attorneys or any other employees of the PAPUC due to all PAPUC personnel are biased in favor of their employer. It is no surprise that the decision which came down to lift the STAY and to dispense with further pleadings and complaints simply says to me that the PAPUC will do what it wants regardless of complainants, damages, needs or violations of civil rights. This reality further underscores my realization early on after my complaint was first filed, that PAPUC employees would simply try to wear me down until they got what they wanted. Now with the help of the PA Supreme Court, this seems to be your reality.

Therefore, we Michael W. Chattin and Melanie S. Daman, do not consent to allow PENELEC or any other electric service company to install a so-called 'Smart Meter' on our house or anywhere else we do not approve. It must also be noted that PENELEC **DOES NOT** have in its possession a Deeded **RIGHT OF WAY** to enter our property without trespassing. **Be it Known that: As of the date of this letter (except for the meter reader) PENELEC, ITS EMPLOYEES, AGENTS, HEIRS, AND ASSIGNS are hereby trespassed from the property known as: 58 Rocky Top Lane, Rome, PA 18837-0201 until such time as they are willing to negotiate with us in a respectful manner.** Signed, November 24, 2023
