**TO ALL PARTIES OF RECORD**

Application of Zito Media Communications, LLC for approval of the alteration of the crossing where State Route 0462 (East Philadelphia Street) crosses, at grade, track of York Railway Company (DOT 854 637 B) by the installation of an aerial fiber optic cable located in the City of York, York County.

To Whom It May Concern:

By application received by the Commission on October 19, 2023, Zito Media Communications, LLC seeks Commission approval to alter the at-grade crossing (DOT 854 637 B) by the installation of an aerial fiber optic cable where State Route (SR) 0462 East Philadelphia Avenue crosses, at grade, track of York Railway Company, located in the City of York, York County. Although East Philadelphia Avenue is signed as a state route (SR 0462), the section of the highway where this crossing is located is recognized as a City roadway, therefore maintenance will be assigned to the City of York.

The new aerial fiber optic line will be attached to existing poles located east and west of the crossing. The new line will provide a minimum vertical clearance of 28 feet 7 inches from the top of rail to the new cable.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, Zito Media Communications, LLC states that the proposed replacement is necessary to provide a connection between their network access points and customers in York County. Zito Media Communications, LLC will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the fiber optic facilities, at their sole cost and expense. The cost of the project is anticipated to be \$1,500.

All work is to be performed in accordance with the sketch plan entitled: "ZITO MEDIA PROPOSED RAILROAD CROSSING PROFILE VIEW" consisting of two (2) sheets submitted to the Commission on October 19, 2023.

Zito Media Communications, LLC has served a copy of the application and plan on the City of York, York County, Metropolitan Edison Company, DQE Communications, York Railway Company, Genesee & Wyoming Inc. and the Pennsylvania Department of Transportation. All parties in interest were queried by letter dated October 30, 2023, sent via email as to any objection to the subject application and plans, and none of the parties have responded with any objections.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.

The Commission issues this Secretarial Letter in accordance with Section 2702 of the Public Utility Code and finds that the alteration of the crossing is necessary and proper for the service, accommodation, convenience or safety of the public.
