To PUC and MetEd:

Be advised that we will be filing a  
Complaint proving that you have violated  
Title 66 Section 1501, Health and Safety  
Statute by the information below.

Furthermore we will be filing a federal  
lawsuit with the Department of Justice  
for your violation and abrogation of an  
ADA accommodation by not removing the  
transformer-sharing neighbors sickening smart  
meter and threatening us who wish to  
keep our safe analog meters.

Also be advised that you are depraved  
scornful, avaricious and evil and you  
have the satisfaction of ruining my health  
and forcing me to live in a tent.

We Hate Met Ed and PUC,

Ray Cumming  
Liz Gaurito
