RE: Electric Generation Supplier License Update

Dear Mr. O'Connell:

The Pennsylvania Public Utility Commission (Commission) staff recently conducted an internal review of Commission issued Electric Generation Supplier (EGS) licenses. RJT Energy Consultants, LLC's license was identified as one of the EGS licenses which contained an inconsistency requiring a correction. The review revealed RJT Energy Consultants, LLC's current license incorrectly identifies the Company as an Inc. instead of an LLC. Therefore, a revised license is attached to this letter.

Please note, the Commission is revising the Company's license to say:

***The Application of RJT Energy Consultants, LLC for the right to begin to offer, render, furnish, or supply electricity or electric generation services as a broker/marketer to residential, small commercial (25 kW and under demand), large commercial (over 25 kW demand), industrial, and governmental customers in all of the electric distribution company service territories throughout the Commonwealth of Pennsylvania.***

Please direct any questions or concerns to Jeremy Haring, Bureau of Technical Utility Services, at [jharing@pa.gov](mailto:jharing@pa.gov) (preferred) or (717) 783-6175.

Sincerely,

  
Rosemary Chavetta  
Secretary
