RE: Natural Gas Supplier License Application

Dear Mr. Ketchandji:

On December 8, 2023, the Pennsylvania Public Utility Commission (Commission) received Good Energy L.P.'s application for a Natural Gas Supplier (NGS) license.

The applicant stated throughout the first page of its NGS application and its affidavits that the name of the applicant is "Good Energy, L.P.". According to the applicant's PA Department of State registered name, the name must be written as "Good Energy L.P. (notice the punctuation difference). All instances of this error must be corrected throughout the first page of the NGS application and throughout each affidavit.

In addition, Sections 2.b and 8.a of the application were incomplete or not properly completed (ex. 2.b no Delaware Department of State documentation was attached and 8.a applicant did not include copies of its licenses to operate in other states). In order for the Commission to accept the application for review, these deficiencies must be corrected. Failure to respond timely will result in the application being deemed rejected<sup>1</sup> and the docket will be closed.

Please use the Commission's efilings system or an overnight delivery service to submit the requested information to the Secretary of the Commission **within 20 days** from the date of this letter. Please submit revised application pages for each section. The Commission accepts all public documents through our efilings system and strongly recommends companies open an efilings account through the Commission's website at <https://efiling.puc.pa.gov>. Use of the efilings system will ensure that submissions by the company are received timely and receipt can be verified.
