RE: Electric Generation Supplier License Application

Dear Ms. Liksenaj:

On October 12, 2023, the Pennsylvania Public Utility Commission (Commission) received F&D Partners, Inc.'s application for an Electric Generation Supplier (EGS) license. On November 9, 2023, the Commission notified F&D Partners, Inc. through a Secretarial Letter that its EGS license application was not properly completed and contained deficiencies that must be corrected and submitted within 20 days. The Secretarial Letter stated that failure to timely complete the deficiencies would result in the application being rejected per Pa. Code 52 § 54.32(e) and the docket closed. To date, a corrected and complete application has not been received by the Commission's Secretary's Bureau.

Given F&D Partners, Inc.'s failure to correct the deficiencies and provide a complete EGS license application, the Commission deems F&D Partners, Inc.'s EGS license application incomplete and therefore it is rejected without prejudice. The Application fee is a processing fee and NOT refundable.

Please be advised that if F&D Partners, Inc. were to resubmit an application for an EGS license, it must file a complete EGS license application and submit a filing fee of \$350.

Please direct any questions to Darren Gill, Deputy Director, Bureau of Technical Utility Services, at (717) 783-5244.

Sincerely,

A handwritten signature in black ink that reads 'Rosemary Chiavetta'. The signature is written in a cursive, flowing style.
