Re Docket # ~~M2009 20092655~~ C-2018-3004770

Dear Rosemary Chiovetta

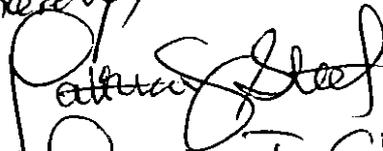

Please find an up to date letter from my Dr.
regarding my needs as a disability I have regarding WIFI
and Smart meter issues.

Also a letter regarding health issues and a letter explaining
some of the symptoms and health problems related to smart
meter and excessive WIFI exposures.

I sincerely do believe I should have a right to keep a smart
meter being applied to my home. Affording me the best life
I can possibly have for the time, I have left living on this
planet.

I thank you for your time.

Sincerely,

Patricia J. Stealy

Reading, PA 19605-

To: Whom It May Concern,

Patricia Steely is under our active medical care for mixed chemical and electromagnetic hypersensitivity.

A smart meter emits radio-frequency radiation, which will exacerbate her existing medical condition. Avoidance of Electromagnetic radiation fields is the primary treatment for her condition. Consequently, it is medically necessary that a smart meter not be installed at her residence.

Please feel free to contact our office if you have any further questions.

Sincerely,

Provider:

Kracht DO, William 12/07/2023 11:51 AM

electric smart meters

To whom it may concern,
I am writing as a person who needs assistance concerning my health issues, and medical conditions concerning smart meters.
I need to keep a smart meter off of my home.
I am on disability due to Fibromyalgia and Chronic Fatigue.
I am affected by chemical and electromagnetic hypersensitivity.
I have a chronic migraine headaches as well as bone tired fatigue. Keeps me from living a life of easily doing daily tasks.
I struggle to get through a day to do daily tasks that many can take for granted.
I need my home to be a safe sanctuary for my health.
The meter would be connected to the same wall as my bedroom.
I have taken care of others as a nurse prior to my disability for 28 years plus.
I now need someone to stand up for me.
I need help to be able to live out the rest of my time on earth, best as I can do so.
I must avoid unnecessary WI FI from computers, TV etc
I do not keep any of these devices due to the symptoms and disability that they cause me when I am exposed excessively,
As I keep them shut off, as much as possible wherever I go.
Some of the bothersome symptoms, and conditions that I have are fatigue, insomnia at night, feeling hot and nausea, difficulty concentrating, dizziness and heart palpitations.
Needing frequent rest and nap times daily just to exist.
Some days I have to just rest to get to feeling better. To do the things that are necessary for life.
I sure hope you will help me. To have a choice to not get a smart meter and an easier way to go on with my life.

Sincerely,
Patricia J. Steely

Re: Docket # M 2009-2092655

I certify on this day Nov 27, 2023. I am sending
this letter Dated Nov 27, 2023

Petition for Delay of Smart meter on my home
to Met Ed and a copy to Sec Rosemary Chiavetta.
Re: Docket # M 2009-2092655

I still require due to my health condition and disabilities
not having meter applied due to my physical disabilities
for which I am permanently disabled from my nursing job.
Fibromyalgia, Chronic migraines, RA and sensitivity of EMF
My Dr William Krocht has written a letter in past and
will write another letter regarding this condition. Asking
for no meter to be applied to my home.

Thank You

Sincerely

Patricia J. Stealy
