

1. Complainant has been informed by the PUC Office of Special Assistants that her current electric meter will remain in place during her ongoing case.
2. Complainant respectfully affirms this.
3. Complainant intends to submit a Petition for Reconsideration.
4. The current meter should remain in place until final disposition in this case is made, at the PUC or at an appellate court, whenever these may be.
5. In addition, other legal actions are in process whose outcomes may well affect the path forward of Complainant's case:
 - a. Decisions pending in two cases before the Commonwealth Court: McKnight v. Pa. Pub. Util. Comm'n, No. 1253 C.D. 2019; and Hughes v. Pa. Pub. Util. Comm'n, 827 CD 2020.
 - b. Decision pending in the Declaratory Judgment of Petitioner Nancy Colbert.
6. Complainant respectfully requests that the current meter remain in place until these other legal actions are completed in full because they may well impact her own case.
7. In leaving the current meter in place, Met-Ed will not be harmed since Complainant has automatic payments scheduled monthly.

Therefore, Complainant affirms that Met-Ed/FirstEnergy will allow the current electric meter to remain in place during Complainant's ongoing case. The current electric meter will stay in place until: (1) a final disposition of her case is made at the PUC or at another, higher court; and (2) final decisions are rendered in the current Commonwealth Court cases and the Declaratory Judgment, all named *supra*, as these may impact the legal path forward for Complainant.

Respectfully submitted,

/s/ Judith D. Hendin
