1.) You listed the following commodity: "Powder Coating".

a.) Please explain in detail as to who hires you for the transport of this cargo.

This would be for Jayco Steel Fabrication and American Standard Manufacturing.

b.) Please explain in detail how this cargo is not related to your work as a powder coating company.

The customers deliver the items via their own vehicle or have their suppliers dropoff the items to our company. We powder coat the items to the specific color as requested. After the items are powder coated, we will deliver the item back to the customer. The box truck is to prevent any weather conditions that can effect the powder coated item and reduce the chance in having to do rework.

**NOTE:** Please review the attached list of exemptions from PUC regulations.

If you find that you are exempt from PUC regulation, then you should withdraw your application.
