**ADDENDUM TO PETITION TO REOPEN THE PROCEEDING  
FOR THE PURPOSE OF SUBMITTING ADDITIONAL EVIDENCE**

Dated: January 31, 2024

### History

1. On January 21, 2024, Complainant filed a Petition to Reopen the current proceeding for the purpose of submitting additional evidence.
2. This Petition to Reopen cited 52 Pa. Code:

**§ 5.571. Reopening prior to a final decision.**

**(a) At any time after the record is closed but before a final decision is issued, a party may file a petition to reopen the proceeding for the purpose of taking additional evidence.**

3. The additional evidence in question was an email sent to Ms. Karen Reifinger on August 27, 2012, stating the model of smart meter that had been placed on Complainant's residence. Details are in the January 21 Petition to Reopen.
4. The additional evidence was submitted as Exhibit A1.

### Current Addendum

5. Complainant wants to provide even more proof of the validity of the August 27, 2012 email.
6. Complainant tried to locate Ms. Reifinger for this purpose.
7. Complainant finally made contact with Ms. Reifinger, who was amenable to affirming the validity of the August 27 email.
8. However, Ms. Reifinger is currently traveling, so at this time she was able to affirm in part.
9. Ms. Reifinger was able to send Complainant the original email she received, and Complainant was able to authenticate it. This is in addition to the authentication already submitted in the original Petition to Reopen. The additional authentication added here is

submitted as Attachment 1 to Exhibit A1. (As *pro se*, Complainant does not know the precise way to label this, so she is calling it Attachment 1.)

10. Ms. Reifinger has also stated her willingness to sign and have notarized an affidavit swearing to the validity of the August 27 email. She will do this when she returns from traveling. The exact date of return has not been determined.
11. When Ms. Reifinger's affidavit is signed and notarized, it will be sent, both as an efile and as original hard copy, to the PUC.
12. Therefore, this Addendum is respectfully submitted.
