Subject: My classification for why filed a complaint against PECO

Greetings

My initial filling is for my budget billing and capvonfusion from the building on how customer and I went back and forth over the different substances of things I had notice on the last billing between the two and I wanted to talk with management from the beginning but never was giving the chance so that's why I can't for a complaint from the process I believe I explain once to the lawyers before I got sick .
