History

1. On January 21, 2024, Complainant filed a Petition to Reopen the current proceeding for the purpose of submitting additional evidence.
2. This Petition to Reopen cited 52 Pa. Code:
 - § 5.571. Reopening prior to a final decision.
 - (a) At any time after the record is closed but before a final decision is issued, a party may file a petition to reopen the proceeding for the purpose of taking additional evidence.
3. The additional evidence in question was an email sent to Ms. Karen Reifinger on August 27, 2012, stating the model of smart meter that had been placed on Complainant's residence. This is important information in this case. Details are in the January 21, 2024 Petition to Reopen.
4. This additional evidence was submitted as Exhibit A1, with several proofs of the validity of the email, including authentications.

Affidavit

5. Complainant wanted to provide even more proof of the validity of the August 27, 2012 email.
6. Ms. Reifinger stated her willingness to sign and have notarized an affidavit swearing to the validity of the August 27 email.
7. However, Ms. Reifinger was traveling. She is back now, and has been able to sign and notarize the affidavit.
8. This affidavit is being sent to the PUC both as an efile and as original hard copy.
9. Therefore, this Affidavit is respectfully submitted.

Respectfully submitted,
/s/ Judith D. Hendin

Affidavit of Karen Reifinger

State of Pennsylvania

County of Northampton

Karen Reifinger, being duly sworn, deposes and states as follows under penalty of perjury:

1. My name is Karen Reifinger, I am presently 68 years old, and my current address of residence is 4861 Pine Grove Circle, Allentown, Pennsylvania 18106.
2. The purpose of this Affidavit is to affirm that I received an email from Judith Hendin on August 27, 2012, concerning a Sensus Flexnet smart meter, and that I responded by writing Ms. Hendin an email the same day.

3. I received the following email from Judith Hendin on August 27, 2012:

Dear Karen,

I don't want to take you time with this, and there is certainly no need for you to respond. I just wanted to let you know that further research showed that, in fact, the UGI meter, a Sensus FlexNet, is a smart meter.

UGI has requested that my physician send them a letter saying that it is unhealthy for me. Then they will remove the meter.

I thought you might want to know the process.

If you want any more details that might be useful to others, such as the information UGI requires, I would be glad to provide this.

Thank you so much for your great work.

Best wishes,
Judith

4. I replied to Ms. Hendin's email the same day. My email said:

Hi Judith.

No bother at all. I'd love to have the info to share with others. Thank you for doing the legwork. Let me know how your physician responds.
Wishing you well!

Love,
Karen.

I hereby swear or affirm that the information above is true accurate and complete to the best of my knowledge, and that no relevant information has been omitted.
