SECRETARY'S BUREAU

As per your letter You have about 100 pages or more from the previous hearing. My New Argument to add to that is enclosed, to reopen my case. I searched your Website & could not find any Petitions or a Petition for Recission. I did my search @ Kutzberg Printing on their computer. I had the employees also search your Website & we found no Petition for Recission or any other Petition. Copies of what I found enclosed.

I am writing out my New Arguments and if you misplaced the case from the previous hearing, I would be glad to send you another copy or you could get one from the Judge - I sent him 5 copies!

New Arguments

Tom, my husband and my health has been compromised enough with all other smart meters we must endure through other homes, stores, churches, restaurants, etc. We must limit other establishments and go to our Doctors & Hospitals only. The Smart Meter is a weaponized E.M.F device that emits dangerous "pulsed radiation" and hazardous to human health. That's why I presented my case in Court and posted lawful notices on my property to the power companies. I'm legally preventing the installation of a Smart Meter.

The electrification of the Earth & non-stop wireless tech advancements is a taboo subject. Society is too invested in and dependent upon the infrastructure to question it, but if we ignore it, it's at our own peril. The human body is itself a delicate electrical machine. Fatigue, insomnia & heart palpitations are but a few of many EMF health effects. How many kids must have heart attacks in sporting fields? How many? As for myself I live in heart failure every minute of my life. I had one open heart operation and I don't want ignorant persons deciding my next one by putting a smart-meter on my house. My husband has gone into A-Fib 3 times and had 3 ablations and last Pacer given to him twice. Your Smart Meter would absolutely compromise our health even more!

It's time to end our ignorance about what is truly causing the base levels of irritability, anxiety, depression and chronic disease and heart attacks in our society. I am willing to fight for my families rights to keep our safe analog meters! And I have 100's of pages more to say if we go to court! Leave my analog meter where it is! Your bill is always paid on time and in full! Leave me alone!

Notes of Decisions

Petition for Reconsideration

Where the petitioners failed to raise new or novel arguments not previously considered by the Pennsylvania Public Utility Commission in the petition for reconsideration, they did not meet the established standard to warrant that the Commission reopen the proceeding. *Pennsylvania Public Utility Commission v. PECO Energy Co.*, M-00960820, P.U.R. 4th, Slip Opinion, (February 12, 1999).
