Dear Commission,

I would like to express concern over the Application of Northeastern Movers. As you know they have applied before and were denied over financial fitness concerns. The last denial of application was on 1-12-23. This is an important date as it coincides with the beginning of an economic downward trend in the households moving industry.

If the applicant is not performing household goods moving in the Commonwealth, how is it that he can significantly improve his financial fitness.

It would suggest to me that with an economic down turn in the household goods industry and only 14 months it would be very difficult to overcome such a financial hurdle. I believe an audit into the financials would be prudent.

Please contact me with any questions.

Thank you,

Corey Sands

Matheson Transfer Co.
