**Re: IN THE MATTER OF THE APPLICATION OF THE YORK WATER COMPANY, under Sections 507, 1102(a)(1), and 1102(a)(3) of the Public Utility Code, for approval of the right of THE YORK WATER COMPANY to (1) enter into a municipal contract to acquire certain public wastewater facilities from the York Haven Sewer Authority; and (2) begin to offer, render, furnish and supply wastewater service to the public in portions of York Haven Borough and Newberry Township, York County, Pennsylvania
Docket No. A-2023-3044173**

Dear Secretary Chiavetta:

Enclosed, for filing on behalf of The York Water Company (“YWC”), is information being supplied to the Pennsylvania Public Utility Commission’s (“Commission”) Bureau of Technical Utility Services (“TUS”) in response to TUS Data Requests, Set I, Nos. A-1, A-9, A-12 to A-15, and A-30 regarding the above-captioned proceeding.

Respectfully submitted,

Megan E. Rulli

TUS Data Request Set 1

Application of The York Water Company – Wastewater for approval of the right to: (1) acquire certain wastewater system assets of the York Haven Sewer Authority; and (2) begin to offer, render, furnish or supply wastewater service to the public in additional portions of York Haven Borough and Newberry Township, York County, Pennsylvania

Docket No. A-2023-3044173

- A-1 In the Application's Section 3(a), York Water-WW indicated that the York Haven Sewer Authority (YHSA) owns and operates a public wastewater collection and treatment system (YHSA System) serving approximately 233 customers. Please provide responses to the following:
- a. Quantify the number of customer connections, by customer class and municipality, currently being served by the YHSA System;
 - b. Identify the five properties YHSA currently provides wastewater service to in Newberry Township by parcel number and property address;
 - c. Provide the estimated number of customer connections anticipated to connect to the YHSA System within the next 5 years broken down by class, anticipated demand, municipality and individual year.

RESPONDENT:

Matthew Scarpato
Vice President of Operations
The York Water Company

RESPONSE:

- a. Based on the latest information provided by YHSA, YHSA currently has a total of 227 customer connections. In Newberry Township, YHSA has six customer connections that serve five residential customers and one commercial metered customer. In York Haven Borough, YHSA has 221 customer connections that serve 216 residential customers, one commercial metered customer, two commercial fixed charge customers, one customer that is billed for three residential units (fixed charge) and two commercial units (fixed charge), and one customer that is billed for two residential units (fixed charge) and two commercial units (fixed charge).
- b. To clarify, YHSA currently provides wastewater service to six properties in Newberry Township. These parcels are listed in Exhibit B-1, which is attached hereto as **Attachment A-1-1**, and are also listed here:

2500	York Haven Rd	39-000-24-0043.00-00000
2545	York Haven Rd	39-000-24-0001.00-00000
131	S Front St	39-000-24-0009.00-00000

TUS Data Request Set 1

Application of The York Water Company – Wastewater for approval of the right to: (1) acquire certain wastewater system assets of the York Haven Sewer Authority; and (2) begin to offer, render, furnish or supply wastewater service to the public in additional portions of York Haven Borough and Newberry Township, York County, Pennsylvania

Docket No. A-2023-3044173

A-9 The Application’s Exhibit L included a copy of the estimated annual revenues and expenses for the acquisition of the YHSA System. Please provide responses to the following:

- a. The total monthly revenues of \$16,697 does not equal the sum of the monthly residential flat, commercial flat and commercial metered revenues of \$11,500, \$528 and \$519, respectively, or a total of \$12,547 ($\$11,500 + \$528 + \$519 = \$12,547$). Submit a revised Exhibit L that accurately presents York Water-WW’s anticipated monthly and total annual revenues;
- b. The estimated expenses are based on a total annual revenue of \$200,364 instead of the stated total annual revenue of \$150,564. Submit a revised Exhibit L that accurately presents York Water-WW's estimated expenses and total operating expenses; and
- c. The net operating income of \$79,745 does not equal the difference of the total annual revenues minus the total operating expenses, or \$29,945 ($\$150,564 - \$120,619 = \$29,945$). Submit a revised Exhibit L that accurately presents York Water-WW’s anticipated net operating income.

RESPONDENT:

Matthew Scarpato
Vice President of Operations
The York Water Company

RESPONSE:

See the Corrected Exhibit L, attached hereto as **Attachment A-9-1**, which also updates the estimated annual revenue and expenses based on the information set forth in response to Discovery A-1.

Attachment A-9-1

EXHIBIT L (CORRECTED)

Estimated Annual Revenue and Expense Figures for the Proposed, Additional Customers

Projected annual revenue is based upon flat or metered rate billing for the number of customers connected.

Monthly Residential Customer Charge	\$ 50.00
	<u>X 226</u>
Monthly Residential Flat Revenue	\$ 11,300
Monthly Commercial Customer Charge	\$88.00
	<u>X 6</u>
Monthly Commercial Flat Revenue	\$ 528
Monthly Commercial Metered Gallons	85,633
Monthly Commercial Metered Rate	<u>X 0.00606</u>
Monthly Commercial Metered Revenue	\$ 519
Monthly Revenue	\$12,347
	<u>X 12</u>
Total Annual Revenue	\$148,164

Estimated expenses are calculated based on the Company's most recent cost of service study, which was performed with the latest rate filing effective March 1, 2023. The Company expects the expenses for the new York Haven Borough and Newberry Township customers to mirror those of the current system.

O & M Expenses (34.1% of revenue)	\$50,524	
Depreciation (18.6% of revenue)		27,559
General Taxes (2.1% of revenue)		3,111
Income Taxes (5.4% of revenue)		8,001
Total Operating Expenses		\$89,198
Operating Income		\$58,966

INDEPENDENT AUDITOR'S REPORT

York Haven Sewer Authority
York Haven, Pennsylvania

Opinions

We have audited the financial statements of the governmental activities of York Haven Sewer Authority, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of York Haven Sewer Authority as of and for the year ending December 31, 2021, and the respective changes in financial position in accordance with the cash basis of accounting described in Note 1.

Basis for Opinion

We conducted our audit in accordance with audit standards generally accepted in the United States of America (GAAS).

Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the financial Statements section of our report. We are required to be independent of York Haven Sewer Authority to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

As described in Note 1, the Authority's policy is to prepare its financial statements on the basis of cash receipts and disbursements; consequently, certain revenues and related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when obligations are incurred. Accordingly, the accompanying financial statements are not intended to present fairly, the financial position and results of operations in conformity with generally accepted accounting principles.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about York Haven Sewer Authority's ability to continue as a going concern for the year ended December 31, 2021.

Auditor Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if individually or in aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS we:

Exercise professional judgement and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of York Haven Sewer Authority's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about York Haven Sewer Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

YORK HAVEN SEWER AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

NOTE 1 - REPORTING ENTITY

On December 24, 1971, York Haven Sewer Authority was incorporated for the purpose of constructing and operating a sanitary sewer collection system and treatment plant in certain portions of York Haven Borough. From inception in December, 1971 until March, 1985, the Authority incurred certain costs and established related liabilities in conjunction with the feasibility study and design of the system. On August 18, 1983, the Authority approved contracts to commence and complete the construction of the sewer system.

On May 30, 1986, C.S. Davidson, Inc., engineering firm, issued a statement of substantial completion.

There are no component units as defined in Governmental Accounting Standards Board Statement 14 which are included in the Authority's reporting entity.

NOTE 2 - ESTIMATES AND SUMMARY OF ACCOUNTING POLICIES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosures of contingent assets and liabilities, if any, at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows:

Enterprise Fund

In accordance with the recommendations of the Committee on Governmental Accounting and Auditing of the American Institute of Certified Public Accounting, in its industry audit guide entitled, Audits of State and Local Governmental Units, the York Haven Sewer Authority reflects its operations as an enterprise fund.

The Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprise where the costs (expenses) of providing sewer services to the general public on a continuing basis is financed through user charges.

Basis of Accounting

Basis of accounting refers to when revenue and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All government funds and proprietary funds are accounted for on the basis of cash receipts and expenditures; consequently, certain revenues and related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the liability is incurred.

YORK HAVEN SEWER AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

NOTE 2 - ESTIMATES AND SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Property, Plant and Equipment

Property, plant and equipment are stated at cost and are depreciated on the straight-line method over the estimated average useful lives of the assets as follows:

Sanitary Sewer	-	40 years
Treatment Plant	-	20 years
Equipment	-	5-18 years

Construction period interest, prorated on the basis of actual expenditures, is included as part of the cost of the collection system and treatment plant. Maintenance, repairs and minor renewals which do not significantly improve or extend the lives of the respective assets are charged against operations when incurred. Additions, improvements and major renewals are capitalized.

Inventories

Inventories in enterprise funds consist of parts and components for pumps and are recorded at the lower of cost or market on a first-in, first-out basis.

NOTE 3 - CASH AND CASH EQUIVALENTS

Deposits are carried at cost which approximates market value. At December 31, 2021, the bank balances were \$270,574.

The entire bank balance was covered by FDIC. The Authority considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

CASH AND CASH EQUIVALENTS CONSIST OF:

Revenue Fund	\$	144,969
Debt Service Reserve		94,068
Certificates of Deposits		<u>30,047</u>
TOTAL CASH	\$	<u><u>269,084</u></u>

YORK HAVEN SEWER AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021

NOTE 4 - LONG-TERM DEBT

Long-Term Debt consists of a note payable to Waypoint Bank. The loan was taken out on December 21, 2002 for the amount of \$594,000 with an interest rate of 3.071%. The Waypoint Loan refinanced the previous USDA Rural Development Loan.

The following schedule is for future principal payments.

<u>Year Ended</u> <u>March 31,</u>	<u>Principal</u>
2022	18,830
2023	18,830
2024	18,830
2025	18,830
2026	18,830
2026-2032	<u>126,017</u>
	\$ <u><u>220,167</u></u>

NOTE 5 - TAPPING FEES

York Haven Sewer Authority Resolution NO. 1985-6 imposes a tapping fee against any improved property in the amount of \$420 per equivalent dwelling unit; however, if the fee was paid on or before June 15, 1985, there shall be a discount of \$75.

All said revenues shall be used for the purposes of financing the sewer system.

September 6, 2022

York Haven Sewer Authority
York Haven, Pennsylvania

We have completed our audit of the financial statements of York Haven Sewer Authority for the year ended December 31, 2021. In planning and performing our audit, we considered internal control structure in order to determine our auditing procedures for purpose of expressing our opinion of the financial statements and not to provide assurance on the internal control structure. We became aware of certain matters that are an opportunity for strengthening internal controls and operating efficiency. The following are comments and suggestions regarding these matters.

Segregation of Duties

One or two persons have the primary responsibility for most of the accounting and financial duties. As a result, many of those aspects of internal accounting control which rely upon an adequate segregation of duties are, for all practical purposes, missing in the Authority. We recognize that the Authority is not large enough to make the employment of additional persons for the purpose of segregating duties practicable from a financial standpoint, but we are required, under our professional responsibilities, to call the situation to your attention. In those situations and where other controls are not deemed cost-effective, it is incumbent on management to realize the inherent weaknesses of the internal control system and to exercise such additional watchfulness over its affairs as it deems warranted by the circumstances.

Sincerely,

Kochenour, Earnest, Smyser & Burg

Certified Public Accountants

INDEPENDENT AUDITOR'S REPORT

York Haven Sewer Authority
York Haven, Pennsylvania

Opinions

We have audited the financial statements of the governmental activities of York Haven Sewer Authority, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of York Haven Sewer Authority as of and for the year ending December 31, 2022, and the respective changes in financial position in accordance with the cash basis of accounting described in Note 1.

Basis for Opinion

We conducted our audit in accordance with audit standards generally accepted in the United States of America (GAAS).

Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the financial Statements section of our report. We are required to be independent of York Haven Sewer Authority to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

As described in Note 1, the Authority's policy is to prepare its financial statements on the basis of cash receipts and disbursements; consequently, certain revenues and related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when obligations are incurred. Accordingly, the accompanying financial statements are not intended to present fairly, the financial position and results of operations in conformity with generally accepted accounting principles.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about York Haven Sewer Authority's ability to continue as a going concern for the year ended December 31, 2022.

Auditor Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if individually or in aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS we:

Exercise professional judgement and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of York Haven Sewer Authority's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about York Haven Sewer Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

YORK HAVEN SEWER AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022

NOTE 1 - REPORTING ENTITY

On December 24, 1971, York Haven Sewer Authority was incorporated for the purpose of constructing and operating a sanitary sewer collection system and treatment plant in certain portions of York Haven Borough. From inception in December, 1971 until March, 1985, the Authority incurred certain costs and established related liabilities in conjunction with the feasibility study and design of the system. On August 18, 1983, the Authority approved contracts to commence and complete the construction of the sewer system.

On May 30, 1986, C.S. Davidson, Inc., engineering firm, issued a statement of substantial completion.

There are no component units as defined in Governmental Accounting Standards Board Statement 14 which are included in the Authority's reporting entity.

NOTE 2 - ESTIMATES AND SUMMARY OF ACCOUNTING POLICIES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosures of contingent assets and liabilities, if any, at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows:

Enterprise Fund

In accordance with the recommendations of the Committee on Governmental Accounting and Auditing of the American Institute of Certified Public Accounting, in its industry audit guide entitled, Audits of State and Local Governmental Units, the York Haven Sewer Authority reflects its operations as an enterprise fund.

The Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprise where the costs (expenses) of providing sewer services to the general public on a continuing basis is financed through user charges.

Basis of Accounting

Basis of accounting refers to when revenue and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All government funds and proprietary funds are accounted for on the basis of cash receipts and expenditures; consequently, certain revenues and related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the liability is incurred.

YORK HAVEN SEWER AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022

NOTE 2 - ESTIMATES AND SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Property, Plant and Equipment

Property, plant and equipment are stated at cost and are depreciated on the straight-line method over the estimated average useful lives of the assets as follows:

Sanitary Sewer	-	40 years
Treatment Plant	-	20 years
Equipment	-	5-18 years

Construction period interest, prorated on the basis of actual expenditures, is included as part of the cost of the collection system and treatment plant. Maintenance, repairs and minor renewals which do not significantly improve or extend the lives of the respective assets are charged against operations when incurred. Additions, improvements and major renewals are capitalized.

Inventories

Inventories in enterprise funds consist of parts and components for pumps and are recorded at the lower of cost or market on a first-in, first-out basis.

NOTE 3 - CASH AND CASH EQUIVALENTS

Deposits are carried at cost which approximates market value. At December 31, 2022, the bank balances were \$310,084.

The entire bank balance was covered by FDIC. The Authority considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

CASH AND CASH EQUIVALENTS CONSIST OF:

Revenue Fund	\$	183,119
Debt Service Reserve		123,713
Certificates of Deposits		<u>0</u>
TOTAL CASH	\$	<u><u>306,832</u></u>

YORK HAVEN SEWER AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022

NOTE 4 - LONG-TERM DEBT

Long-Term Debt consists of a note payable to Waypoint Bank. The loan was taken out on December 21, 2002 for the amount of \$594,000 with an interest rate of 3.071%. The Waypoint Loan refinanced the previous USDA Rural Development Loan.

The following schedule is for future principal payments.

<u>Year Ended</u> <u>March 31,</u>	<u>Principal</u>
2023	18,830
2024	18,830
2025	18,830
2026	18,830
2026-2032	<u>126,017</u>
	\$ <u><u>201,337</u></u>

NOTE 5 - TAPPING FEES

York Haven Sewer Authority Resolution NO. 1985-6 imposes a tapping fee against any improved property in the amount of \$420 per equivalent dwelling unit; however, if the fee was paid on or before June 15, 1985, there shall be a discount of \$75.

All said revenues shall be used for the purposes of financing the sewer system.

September 12, 2023

York Haven Sewer Authority
York Haven, Pennsylvania

We have completed our audit of the financial statements of York Haven Sewer Authority for the year ended December 31, 2022. In planning and performing our audit, we considered internal control structure in order to determine our auditing procedures for purpose of expressing our opinion of the financial statements and not to provide assurance on the internal control structure. We became aware of certain matters that are an opportunity for strengthening internal controls and operating efficiency. The following are comments and suggestions regarding these matters.

Segregation of Duties

One or two persons have the primary responsibility for most of the accounting and financial duties. As a result, many of those aspects of internal accounting control which rely upon an adequate segregation of duties are, for all practical purposes, missing in the Authority. We recognize that the Authority is not large enough to make the employment of additional persons for the purpose of segregating duties practicable from a financial standpoint, but we are required, under our professional responsibilities, to call the situation to your attention. In those situations and where other controls are not deemed cost-effective, it is incumbent on management to realize the inherent weaknesses of the internal control system and to exercise such additional watchfulness over its affairs as it deems warranted by the circumstances.

Sincerely,

Kochenour, Earnest, Smyser & Burg

Certified Public Accountants

TUS Data Request Set 1

Application of The York Water Company – Wastewater for approval of the right to: (1) acquire certain wastewater system assets of the York Haven Sewer Authority; and (2) begin to offer, render, furnish or supply wastewater service to the public in additional portions of York Haven Borough and Newberry Township, York County, Pennsylvania

Docket No. A-2023-3044173

A-13 Please state YHSA's definition of an equivalent dwelling unit (EDU).

RESPONDENT:

Matthew Scarpato
Vice President of Operations
The York Water Company

RESPONSE:

YHSA does not have a definition of an EDU. See answer to Discovery A-15.

TUS Data Request Set 1

Application of The York Water Company – Wastewater for approval of the right to: (1) acquire certain wastewater system assets of the York Haven Sewer Authority; and (2) begin to offer, render, furnish or supply wastewater service to the public in additional portions of York Haven Borough and Newberry Township, York County, Pennsylvania

Docket No. A-2023-3044173

A-14 Please provide any documentation substantiating YHSA’s methodology and conclusion for assigning EDU equivalency for each multi-EDU property within the requested service territory.

RESPONDENT:

Matthew Scarpato
Vice President of Operations
The York Water Company

RESPONSE:

YHSA does not have a definition of an EDU. York Water does not have any documentation substantiating YHSA’s methodology for assigning EDU equivalency for each multi-EDU property in the requested service territory. Attached as **Attachment A-14-1** is a “Customer Detail Report” dated February 24, 2024, showing the EDUs assigned. The customers’ names and account numbers have been redacted from the document.

TUS Data Request Set 1

Application of The York Water Company – Wastewater for approval of the right to: (1) acquire certain wastewater system assets of the York Haven Sewer Authority; and (2) begin to offer, render, furnish or supply wastewater service to the public in additional portions of York Haven Borough and Newberry Township, York County, Pennsylvania

Docket No. A-2023-3044173

A-15 If YHSA’s definition of an EDU differs from York Water-WW’s definition of an EDU, please submit a revised York-WW’s *pro forma* tariff supplement to reflect the definition of an EDU that will be applicable to the customers within the requested territory.

RESPONDENT:

Matthew Scarpato
Vice President of Operations
The York Water Company

RESPONSE:

YHSA does not have a definition of an EDU. However, YHSA has allocated EDUs to its customers and, except for the two commercial customers that are billed the metered rates, bills its customers fixed charges based on those allocated EDUs. Specifically, YHSA bills: (1) residential customers a fixed charge of \$150.00 per EDU per quarter; and (2) commercial customers a fixed charge of \$264.00 per EDU per quarter or a metered rate of \$6.06 per 1,000 gallons. In its Application and *pro forma* tariff supplement, York Water has proposed to adopt YHSA’s existing quarterly rates and charges while converting them to monthly rates and charges. York Water’s intent is not to affect the existing customers’ billing structure. As such, attached as **Attachment A-15-1** is a revised *pro forma* tariff supplement, which includes the following clarifying information:

Customers in York Haven Borough and Newberry Township that were served by York Haven Sewer Authority shall be billed by the Company based on York Haven Sewer Authority’s allocation of equivalent dwelling unit(s), regardless of any conflicts with this tariff’s definition of “Equivalent Dwelling Units (EDUs).” All other customers in York Haven Borough and Newberry Township will be assigned equivalent dwelling unit(s) and billed based thereon consistent with this tariff’s definition of “Equivalent Dwelling Units (EDUs).”

TUS Data Request Set 1

Application of The York Water Company – Wastewater for approval of the right to: (1) acquire certain wastewater system assets of the York Haven Sewer Authority; and (2) begin to offer, render, furnish or supply wastewater service to the public in additional portions of York Haven Borough and Newberry Township, York County, Pennsylvania

Docket No. A-2023-3044173

A-30 Please quantify York Water-WW’s projected capital improvement expenses for the first five years of its ownership of the YHSA System broken down by major plant accounts and by year.

RESPONDENT:

Matthew Scarpato
 Vice President of Operations
 The York Water Company

RESPONSE:

Year	Improvement	Estimated Cost	Permit Required?
One	Change disinfection from liquid chlorine to UV.	\$150,000 to \$200,000	Yes
One	Install/replace autodialers at all 5 locations	\$5,000 per site	No
One	Install SCADA system	\$150,000	No
Two-Three	Install CCTV for entire system. Make any repairs necessary. Uncover manholes that are paved over.	\$100,000	No
Three-Four	Rehabilitate metal on WWTP tanks that are exposed. Remove rust and patch where necessary	\$50,000	No
Three-Five	Inspect and rehabilitate all 4 lift stations. New controls and pumps if needed. Replace floats. Operate valves and inventory parts then order.	\$25,000 per site	No

All of the capital project costs listed above will be first recorded to Account 105 “Construction Work in Progress.” Once the projects are complete and in service, the capital project costs will be transferred to Account 101 “Utility Plant in Service.”

Below are tentative journal entries that have been updated to reflect the additional the capital projects listed in the table above:

1. Record Purchase of System

Account No.	Account Description	Debit	Credit
105	Construction Work in Process	380,000	
131	Cash		380,000

2. Close Project to Utility Plant

Account No.	Account Description	Debit	Credit
101	Utility Plant in Service	1,219,703	
108	Accumulated Depreciation (Assets net of Depreciation)		356,417
271	Contributions in Aid of Construction		640,525
114	Utility Plant Acquisition Adjustment	157,239	
105	Construction Work in Process (Purchase price + other acquisition costs)		380,000

3. Record Other Project Costs

Account No.	Account Description	Debit	Credit
105	Construction Work in Process	375,000	
224	Line of Credit Borrowings		375,000

4. Close Projects to Utility Plant

Account No.	Account Description	Debit	Credit
101	Utility Plant in Service	375,000	
105	Construction Work in Process		375,000

VERIFICATION

I, Matthew Scarpato, Vice President of Operations of The York Water Company, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief and that I expect to be able to prove the same at a hearing held in this matter. I understand that the statements herein are made subject to the penalties of 18 Pa. C.S. § 4904 (relating to unsworn falsification to authorities).
