

To Whom it May Concern.

On September 4, 2023, my truck was involved in a hit and run accident. Leaving my truck unable to operate. At the time of the accident a concerned citizen who witnessed the accident stayed behind to give the police officer a statement. The truck was in the shop for 5 months where I was unable to do business after only working 3 weeks so I stopped checking for emails since I was not in business and didn't think I would make a business last for being out so long. I apologize and realize now that was not the best idea. By the time I received officer Ryan's letter my wife and I were separated. When I got the letter, I called the number provided, but it was the wrong number. I also left a message on the office number. After emailing the PUC, I received a phone call from a Harrisburg area code and was able to speak with officer Ryan. Now that I am up to date on what to do. I am doing my best to submit everything properly. I apologize for any inconvenience that I caused officer Ryan, while I was unreachable. Now that everything is back up and running this will never be an issue again.

Thank you,

Action Required: Submit Documents to Complete Required Safety Audit

The Federal Motor Carrier Safety Administration (FMCSA) is responsible for ensuring the safe operation of commercial motor vehicles on our Nation's highways. Because your company has recently begun operating in interstate commerce, FMCSA is required to conduct a New Entrant Safety Audit of your company's operations.

The Safety Audit will include a review of your company's safety management controls in the following areas as applicable: driver's hours-of-service and licensing, vehicle maintenance and inspection, driver qualifications (including drug and alcohol testing requirements), accidents, insurance, operating authority, and other safety and transportation records including any requirements for transporting hazardous material.

Please submit legible copies of applicable documentation or a written explanation for your failure to submit the documentation via the Safety Audit Website, <http://ai.fmcsa.dot.gov/newentrant>, no later than December 25, 2023, 20 calendar days from the date of this letter. You will need your PIN number 5R53ZB8J and your USDOT number to log in to the site. Additional documentation may be required. Descriptions of requested documents are enclosed.

Submission of all documents required for your operation may negate the need to conduct an onsite New Entrant Safety Audit at your place of business and may therefore reduce the amount of time to complete the required Audit process.

Upon review of the submitted documentation, a Safety Auditor will inform you of any further requirements on your part. Failure to provide the necessary documentation requested to perform the safety audit, in accordance with 49 CFR section 385.337(b), could result in your New Entrant registration being revoked and your company being placed out-of-service.

Sincerely,

David J. Yessen
