SECRETARY'S BUREAU

Dear Secretary Chiavetta:

In regards to the above-referenced matters, Powervine and Great American submit this notice as its intent to assign approximately 3,600 customers from Great American to Powervine. After the assignment occurs, Great American will not be serving any customers in the Commonwealth of Pennsylvania. The date of the proposed assignment is April 6, 2024.

The electric utility service territories involved in this customer assignment are: Duquesne Light, Metropolitan Edison Company, Penelec, PECO Energy and PPL Electric Utilities. The contract terms and conditions of the assigned contracts will remain unchanged. Enclosed please find a copy of the notification that Powervine and Great American will send to customers that will be assigned to Powervine.

Both Powervine and Great American Power have filed all electric choice reports with the Commission which reflect its most recent gross receipts for the last four quarters. Additionally, all financial collateral in place for both Powervine and Great American Power are current with the Commission and all electric annual fees due for both Powervine and Great American Power have been paid. Enclosed please find documentation from AEPS showing that Powervine and Great American Power are in compliance. Also enclosed and marked confidential are the past 4 quarters of GRT for the customers being assigned.

Please do not hesitate to contact me at (281) 631-5512 or by email at [kbinns@greatamericanpower.com](mailto:kbinns@greatamericanpower.com) if you should have any questions regarding this filing.

Kind Regards,

LDC ACCT NUM:

Dear JOHN DOE,

Great American Power, LLC ("GAP") greatly appreciates the opportunity to serve as the supplier of electricity for your PPL Electric Utilities ("PP&L") account. We are writing to inform you that GAP will be assigning your electricity supply service to Powervine Energy, LLC ("Powervine"), another electric generation supplier licensed by the Pennsylvania Public Utility Commission ("PAPUC"), effective on or after April 6, 2024.

Powervine is run by an experienced team of energy experts with decades of retail energy supply and utility experience. The Powervine team's experience in deregulated energy markets enables them to offer fixed prices, and friendly customer service.

No action is required on your part when this transfer occurs. Your contract is assignable in accordance with your terms of service. Powervine will honor your current agreement with GAP, and there will be no changes to the terms and conditions, except those otherwise allowed by your terms and conditions, through the life of your current contract. This transfer will not cause an interruption of your electricity services and you should continue to pay your PP&L bill as normal. The same quality support and service that you are used to with GAP will continue with Powervine.

If you have a fixed rate plan with GAP, your service will continue with the same fixed rate until the end of your contract term or upon cancellation of service (termination fees may apply). If you are currently served under a variable rate with GAP, your service will continue with Powervine's variable electric rate. You may also contact Powervine directly to see what other options are available, including renewal options if your contract expires soon.

If you have any questions about the transfer of service, please contact GAP. For your convenience, the contact information for both companies is shown below. We thank you for the opportunity to serve you and we are confident you will enjoy your new service with Powervine.

Kind Regards,

## Frequently Asked Questions

### **Will my electricity be cut off?**

No, this transfer will not cause an interruption of your electricity services and you should continue to pay your PP&L bill as normal. Your PP&L bill will outline your options for submitting payment. After the transfer is complete, you will begin to see your Powervine listed on your PP&L bill, which will include both your utility and supplier charges. If you have any unpaid charges, GAP may bill you directly for any amounts owed prior to the assignment of your contract.

### **Whom do I call in case of a power outage or emergency?**

Your Utility has not changed; you should call PP&L for any outage or emergency, just as you do today.

### **Will my current rate change?**

If you have a fixed rate plan with GAP, your service will continue with the same fixed rate until the end of your contract term or upon cancellation of service (termination fees may apply). If you are currently served under a variable rate with GAP, your service will continue with Powervine's variable electricity rate. After your service is transferred, you may also contact Powervine directly to see what other options are available.

### **Will my meter read cycle or utility charges change?**

No, you will continue to receive your bill from PP&L as you always have. The only change is that Powervine will be listed as the electric generation supplier.

### **What will happen to my contract/agreement with GAP?**

Powervine will honor your current agreements with GAP, so except for those allowed in accordance with your terms and conditions, no changes will occur to your terms or conditions until the contract end date. If you are a GAP customer on a variable rate plan, the variable electricity rate will continue to remain variable. You will also be eligible to renew to a fixed-rate plan.

### **My contract was about to expire with GAP, what does this mean for me?**

If the contract expires before the effective date of your transfer, your service will continue under the GAP variable rate unless you choose a new fixed rate from GAP. If your contract expires after the effective date of your transfer, contact Powervine for current plan offerings.

### **Do I need to do anything to switch to Powervine?**

No, you will not need to do anything. We will make this transition as smooth as possible for you. GAP will assign your electricity supply service to Powervine, another electric generation supplier licensed by the PAPUC.

### **When can I expect Powervine to become my official supplier?**

GAP will assign your electricity supply service to Powervine, another electric generation supplier licensed by the PAPUC, effective on or after April 6, 2024.

### **Will I need to sign up with Powervine or go through a credit check again?**

No, Powervine welcomes you as their customer in a clear and hassle-free way.

### **How will I know when I have started services with Powervine?**

Powervine will appear as your electric generation supplier in the energy supply portion of your utility bill.

### **Will I be able to opt out of the switch to Powervine?**

You can only opt out of the switch to Powervine by requesting to drop to the Utility or switch to another electric generation supplier while active with GAP. Early Termination Fees will apply if applicable.

### **Who do I contact should I have questions?**

If you have any questions prior to the transfer of service, please contact Great American Power.
