TO ALL NATURAL GAS SUPPLIERS:

Re: NGS PUC Reporting Requirements

As a natural gas supplier doing business in the Commonwealth of Pennsylvania, you are required to file a variety of reports with the Commission throughout the year. By filing these reports, you are fulfilling your requirements under Pa. C.S.A. Title 66 and Pennsylvania Code Title 52. Failure to file any such reports may result in the assessment of civil penalties as set forth in 66 PA C.S. § 3301(a), and/or the suspension or revocation of a supplier license pursuant to 52 Pa. Code § 54.42.

The following table represents a list of the reports that you may be required to file with the Commission throughout the year. Please note that there may be additional reports that you might be required to file with the Commission. The Commission will notify you if and when the need for additional reports may arise. When filing multiple reports with the Commission in the same mailing, **YOU MUST** attach a cover letter displaying your utility's name and utility code to each individual report clearly identifying the proper name of the report and whether the report is confidential in nature, as explained below. **PLEASE DO NOT** bundle, staple or bind multiple reports together.

Many of the reports listed in the table below may be obtained through the Commission's website by clicking the "Filing & Resources" tab at the top of the website homepage, then clicking on the "Forms" link, and then selecting the appropriate industry group, or at the following link: <https://www.puc.pa.gov/filing-resources/forms/natural-gas-forms/>

Recommended by overnight delivery, the original paper version of the reports listed in the table below must be sent to the Secretary of the Commission at:

Pennsylvania Public Utility Commission
Commonwealth Keystone Building
400 North Street
Harrisburg , PA 17120
