**TO ALL PARTIES OF RECORD**

Application of Verizon Pennsylvania LLC for approval of the alteration of the public crossing (DOT 517 838 P) to install an aerial fiber optic cable where North East Street crosses, at grade, a track of Norfolk Southern Railway Company operated thereon by East Penn Railroad, LLC in Spring Garden Township and York City, in York County.

To Whom It May Concern:

By application filed with the Commission on February 26, 2024, Verizon Pennsylvania LLC seeks Commission approval to alter the public crossing (DOT 517 838 P) to install an aerial fiber optic cable where North East Street crosses, at grade, a track of Norfolk Southern Railway Company operated thereon by East Penn Railroad, LLC, in Spring Garden Township and York City, in York County.

Verizon Pennsylvania LLC will install a new aerial fiber optic cable which will be overlashed to an existing copper cable and attached to one existing utility pole and one new utility pole that will replace an existing pole. The installation will provide a minimum vertical clearance of twenty-seven feet-six inches (27'-6") feet above the top of rail.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, Verizon Pennsylvania LLC, states that the proposed installation is necessary to upgrade Verizon's facilities. Verizon Pennsylvania LLC, will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the facilities, at its sole cost and expense. The cost of the project is anticipated to be approximately \$20,000.

All work is to be performed in accordance with the plans entitled: "EXHIBIT A," consisting of two (2) sheets submitted to the Commission with the application.

Verizon Pennsylvania LLC has served a copy of the application and plans on Pennsylvania Department of Transportation, East Penn Railroad, LLC, Spring Garden Township, York City, and York County. All of the listed parties in interest were queried by letter sent by electronic mail on March 25, 2024, as to any objection to the subject application and plans. None of the parties have responded with any objection to the subject application or plans.

The boundary line between York City and Spring Garden Township meets at the centerline of track at the subject crossing on N East Street. This was verified on the York City Zoning Map and on the Spring Garden Township Zoning Map. Spring Garden maintains the roadway on the northern side of center line of the subject crossing and York City maintains the roadway on the southern side of the center line of the subject crossing.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.
