ATTACHMENT V(c)  
May 2024

**ATTACHMENT VI**  
**TECHINICAL FITNESS**  
**May 2024**

Applicant has contracted with an affiliate, Tenaska, Inc. (Tenaska), as an advisor and consultant, for general administrative services on an as needed basis. These services include, but are not limited to, Accounting, Contract Administration, Communications, Management Services, and Computer Support Services. Tenaska provides similar services to Tenaska Power Services Co. (TPS).

Applicant has also contracted with TPS for technical services related to accessing the wholesale power markets and managing information and data flows. TPS is a leading nationwide power marketing firm, engaged in the physical and financial trading of wholesale power throughout the United States and in Canada. It is certified to provide scheduling, settlement and market interface services in ERCOT, MISO, PJM, NYISO, SPP, CAISO and ISO-NE. TPS assists independent power producers, municipal and cooperative utilities, large industrial customers and competitive retailers in meeting load obligations and optimizing resource value by performing a broad range of power marketing services, including trading congestion revenue rights, Renewable Energy Certificates and emission allowances. TPS coordinates purchase and sale of electric capacity, energy and ancillary services, as well as energy risk management and financial and physical hedging, for its third-party clients, both renewable (wind, solar and landfill gas) and fossil fueled. TPS also offers scheduling, bidding and market interface and operations, including customized accounting, settlement, invoicing and reporting services and round-the-clock trading operations. TPS will provide Applicant with a round the clock market interface, and assist Applicant with acquisition of energy supplies, scheduling, hedging, meeting renewable portfolio requirements, and customer settlements.

The following key personnel will provide services in their designated areas of responsibility, will supervise personnel reporting to them in their respective areas to ensure provision of services, and will be responsible for managing the contract relationship with TPM and with TPS for their respective functions to coordinate the provision of services.

**Curry Aldridge**

Curry Aldridge is the Sr. Vice President of Origination and Commercial Operations for TPM, who is tasked with supervising TPM's day-to-day operations, and leading its entrance into the retail electric market space. He will be responsible for managing TPM's service contracts with Tenaska and TPS, and for managing the team of Tenaska and TPS professionals assigned to supporting TPM.

Curry joined Tenaska in February 2000. During his time at Tenaska, Curry worked on the 24-hour Real-time Trading/Scheduling desk for three years, where he was responsible for trading and scheduling activities in multiple markets. In February 2003, Curry began working in the Origination group focusing on the ERCOT market where he was responsible for signing long-term marketing and energy management structured transactions with both wholesale and retail third parties. During this time, Curry held the proxy vote for TPS on the Retail Market Subcommittee in 2003-2004 and served as the Independent Power Marketer segment member in 2005. He was also a NERC-certified System Operator from 2003-2008.

In 2007, Curry shifted his origination efforts to the PJM market where he started TPS's retail business in that market, as well as expanding the existing wholesale energy management business. In August 2008, he transitioned over and began managing TPS's energy management business. Responsibilities in this role involved the day-to-day management of scheduling, management and optimization activities for TPS's energy management customers in the ERCOT, MISO, PJM, SERC and SPP power markets. These

duties included directing the incorporation of new energy management customers into TPS's energy management programs and coordinating internally between Tenaska's Operations, Trading, Origination, Settlements, Accounting, Risk Management, and Information Technology groups. From 2010-2011, Curry served as TPS's representative on the ERCOT Wholesale Market Subcommittee as the Independent Power Marketer segment member. During this time in energy management, Curry also was responsible for managing TPS's ERCOT Nodal implementation efforts as well as managing TPS's EMS/SCADA operations.

In February, 2013, Curry became responsible for managing the day-to-day operations of the business. These duties include managing the settlements, accounting, credit, controls, process integrity, contracts, and strategic technology departments.

Curry holds a Bachelor of Business Administration degree in Marketing from Abilene Christian University in Abilene, Texas.

### **Eli Worley**

As Vice President of Settlements and Customer Support for TPM since January 2024, Ms. Worley, based in Texas, is responsible for the day-to-day settlement activities in multiple power markets.

Ms. Worley joined Tenaska in March 2007 as a Senior Settlements Analyst, being promoted to Supervisor of Settlements in January 2010, Manager of Settlements in January 2013 and Director of Settlements in January 2019. Eli has over 15 years of energy industry experience.

Prior to joining Tenaska, Ms. Worley was Manager of Information Technology for First Choice Power, a Texas Retail Provider, from January 2004 to March 2007. Eli was responsible for development, implementation and maintenance of electronic utility billing, and established the process and tools to reconcile Retail Data Extract Variances. Ms. Worley is active in Settlement User market stakeholder meetings, and she has participated in multiple working groups and various committees, as well as served in a project manager role.

### **James Lunday**

James Lunday serves as Vice President and Controller for TPM. James is responsible for all accounting functions, including customer billing, accounts receivable and payable, and financial reporting. He has extensive experience in accounting for transactions and services in the electric energy industry.

James joined Tenaska in 2011, and prior to that was employed by TXU Energy where he was responsible for financial reporting for the retail electricity business. James previously held multiple other accounting positions in non-energy industries during his career.

James is a Certified Public Accountant and a Certified Global Management Accountant with active CPA licenses in the States of Texas and Oklahoma. He is a member of the American Institute of Certified Public Accountants and the Oklahoma and Texas state-level CPA organizations. He earned a Bachelor of Science in Business Administration, majoring in accounting, from Missouri Southern State University and an MBA at Texas Christian University.

**John Swope, CFA**

John Swope serves as Director of Origination for the Northeastern Region of the US for TPM, where he is responsible for the Origination/Marketing function involving generators, municipals, utilities, marketers and load serving entities in these markets.

Prior to joining Tenaska in January 2015, John worked at Pennsylvania Power and Light Co. for 7 years. As a Senior Originator there, he managed a multi-thousand MW Load Portfolio across 3 ISOs. Prior to that, John held commercial positions in energy, banking and risk management in several major Fortune 500 companies.

John served as a U.S. Navy Nuclear Submarine Officer from 1990 to 1995, and is certified as a Nuclear Engineer by the Department of Energy. John earned a Bachelor of Science degree in Physics from Georgetown University in 1990, and an MBA from the MIT Sloan School of Management in 1999. John was awarded the Chartered Financial Analyst charter in 2006.
