**TO ALL PARTIES OF RECORD**

Application of Pennsylvania American Water Company for approval to alter the public crossing (DOT 502 534 E) by the installation of a 12-inch PVC sewer line inside a 24-inch steel casing pipe where State Route 0351 (Arthur Street) crosses, at grade, a single track of Norfolk Southern Railway Company located in Koppel Borough, Beaver County.

To Whom It May Concern:

By application filed with the Commission on April 2, 2024, Pennsylvania American Water Company (PAWC) seeks Commission approval to alter the public crossing (DOT 502 534 E) by the installation of a 12-inch polyvinyl chloride (PVC) sewer line inside a 24-inch steel casing pipe where State Route 0351 (Arthur Street) crosses, at grade, a single track of Norfolk Southern Railway Company located in Koppel Borough, Beaver County.

The new 12-inch PVC sewer line inside a 24-inch steel casing pipe will be installed by jack and bore method and provide a minimum vertical cover of 9.16-feet from the bottom of rail to the new pipeline.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, PAWC states that the proposed installation is necessary to improve the reliability of the water system by replacing damaged and deteriorated pipe that has reached the end of its useful life. PAWC will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the new facilities, at its sole cost and expense. The cost of the project is anticipated to be approximately \$605,400.

All work is to be performed in accordance with the revised plans entitled: "EXHIBIT A" consisting of two (2) sheets submitted to the Commission on May 23, 2024.

PAWC served a copy of the application and revised plans on Beaver County, Koppel Borough, Norfolk Southern Railway Company, the Pennsylvania Department of Transportation, Columbia Gas of Pennsylvania, Inc., Verizon Pennsylvania, LLC, Armstrong Cable, and FirstEnergy Corp. All parties of record were queried by letter dated May 24, 2024, sent via email as to any objection to the subject application and revised plans. None of the parties have responded with any objection to the subject application or revised plans.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.

The Commission issues this Secretarial Letter in accordance with Section 2702 of the Public Utility Code and finds that the alteration of the crossing is necessary and proper for the service, accommodation, convenience, or safety of the public.

The application of Pennsylvania American Water Company is approved as herein directed:

1. The caption of the subject proceeding is hereby revised as shown herein.
2. The public crossing (DOT 502 534 E) where State Route 0351 (Arthur Street) crosses, at grade, a single track of Norfolk Southern Railway Company in Koppel Borough, Beaver County be altered generally in accordance with the revised installation plans entitled: "EXHIBIT A" consisting of two (2) sheets provided to the Commission on May 23, 2024; which plans are made part hereof and are hereby approved except insofar as they may relate to the division of work, deletion of work, or the allocation of costs and expenses incident to the installation of the project.
3. Pennsylvania American Water Company, at its sole cost and expense, furnish all material and perform all work necessary to alter the crossing by the installation of a 12-inch PVC sewer line inside a 24-inch steel casing pipe within the joint right-of-way of the highway where State Route 0351 (Arthur Street) crosses, at grade, a single track of Norfolk Southern Railway Company; all in accordance with the approved plans and this Secretarial Letter.
4. Pennsylvania American Water Company, at its sole cost and expense, furnish all material and perform all work necessary to establish and maintain any detours or traffic controls that may be required to properly and safely accommodate highway and pedestrian traffic during the time the crossing is being altered.
5. Any relocation of, changes in and/or removal of any adjacent structures, equipment or other facilities of any non-carrier public utility company or municipal authority, other than Pennsylvania American Water Company, which may be required as incidental to the alteration of the crossing, be made by said public utility company or municipal authority at its initial cost, and in such a manner as will not interfere with the alteration of the crossing; and such relocated or altered facilities thereafter be maintained by said public utility company or municipal authority, at its sole cost and expense.

6. Norfolk Southern Railway Company, at the sole cost and expense of Pennsylvania American Water Company, furnish all material and perform all work relating to its facilities which may be required as incidental to the performance of the proposed work and furnish any watchmen, flagmen, inspectors and/or engineering services that may be deemed necessary to protect the railroad's operations or facilities during the time the facilities are being installed.

7. Pennsylvania American Water Company, at its sole cost and expense, furnish all material and perform all work necessary to complete the remainder of the project, and any other ancillary features of the project, generally in accordance with the approved plans and this Secretarial Letter.

8. The alteration of the crossing be completed on or before June 30, 2025, and that on or before said date Pennsylvania American Water Company, report in writing the date of actual completion of the work to this Commission and certify to the parties of record and this Commission that the work has been satisfactorily completed in accordance with the approved plans and this Secretarial Letter.

9. Pennsylvania American Water Company, at its sole cost and expense, pay all compensation for damages, if any, due to owners of property taken, injured, or destroyed by reason of the alteration of the crossing in accordance with this Secretarial Letter.

10. All parties involved herein cooperate fully with each other so that during the time the work is being performed, vehicular, pedestrian and railroad traffic will not be endangered or unnecessarily inconvenienced, and so that the requirements of each of the parties will be provided for and accommodated insofar as possible.

11. Pennsylvania American Water Company cooperate with the non-carrier utilities involved, so that during the alteration of the involved crossing, the facilities of the non-carrier utilities will not be endangered or unnecessarily interrupted.

12. Pennsylvania American Water Company, at least seven (7) days prior to the start of work, notify all parties of record of the actual date on which work will begin.

13. Upon completion of the alteration of the crossing, Pennsylvania American Water Company, at its sole cost and expense, furnish all material and perform all work necessary thereafter to maintain the new 12-inch PVC sewer line inside a 24-inch steel casing pipe and any ancillary facilities installed in accordance with the approved plans and this Secretarial Letter.

14. Upon completion of the alteration of the crossing, Norfolk Southern Railway Company, at its sole cost and expense, furnish all material and perform all work necessary thereafter to maintain its railroad facilities at the subject crossing, including the warning devices and all appurtenant equipment, and maintain at all times in a safe, smooth and satisfactory condition the crossing surface located between the rails and for a distance of twenty-four (24) inches beyond the outermost rails; all in accordance with Part 8 of the Manual on Uniform Traffic Control Devices and this Secretarial Letter, and provide the Pennsylvania Department of Transportation and Koppel Borough at least ten (10) business days advance notice when performing any work as directed by this paragraph that may affect their facilities.

15. Upon completion of the alteration of the crossing, the Pennsylvania Department of Transportation, at its sole cost and expense, furnish all material and perform all work necessary thereafter to maintain the highway approach roadway of the subject crossing to points twenty-four (24) inches beyond each outside rail and in addition, maintain the grade crossing advance warning signs, pavement markings, and stop lines, if required; all in accordance with Part 8 of the Manual on Uniform Traffic Control Devices and this Secretarial Letter, and provide Norfolk Southern Railway Company and Koppel Borough at least ten (10) business days advance notice when performing any work as directed by this paragraph that may affect their facilities.

16. Upon completion of the work herein directed, and upon written request from any party of record, this proceeding be scheduled for a hearing at a time and place to be determined by the Commission, for the purpose of taking testimony upon the final allocation of any remaining costs incurred by the non-carrier utility companies and other matters relevant to this proceeding.

The Parties are reminded that failure to comply with this or any Order or Secretarial Letter in this proceeding may result in an enforcement action seeking civil penalties and/or other sanctions pursuant to 66 Pa. C.S. § 3301.
