

Exception of Robert H. Brady (complainant)

June 17, 2024

To whom it may concern:

I received the secretarial letter dated June 12, 2024 about the Initial Decision of the Office of Administrative Law Judge.

Even though I accepted efilng and electronic delivery of documents, all other documents came priority mail except for the Hearing notice. When the email came with the notice, I was not able to open the document. Since all other notices and information had come through the mail, I assumed that I didn't need to open the file since I expected something to come in the mail as well.

I was only able to download and open this file recently with the help of my son.

I understand what the Hearing order had to say about failure to appear, but I am asking for an exception since I wasn't able to open this file and I did not actually receive the notice.

Sincerely,

A handwritten signature in cursive script that reads "R. H. Brady". The signature is written in black ink and is positioned above the printed name.

Robert H. Brady
