Docket # C-2018-3001526

RCVD PUC SEC BUR
JUN 3 2024 AM 10:56

To: Pa. PUC and Met-Ed:

I received your letter once again 5/25/25:
Envelope Enclosed

I am tired, weak & worn. You have
harassed me & threatened me since 2018.
This letter will also be sent out to as many
people as I can, to show the WORLD your
harassment.

I have been my husband's (Thomas Mosley)
Care Giver 24/7 for the last 2 yrs. And
I am now having all my tests done for my
open heart surgery. I guess I won't get
rid of your harassment until I get to Heaven
(You won't be there !!!) The End Harassment
coming from you over the last 6 yrs. is
unbelievable. You took me before the Judge
2 times & have sent me numerous letters,
too many to count! Spare me while I
take a break to have open heart surgery!
My Hospital & Doctor names are enclosed - maybe
you want to check my itinerary. So, you can
hound me down & harass me some more.

On April 15, 2024. Approximately 11:15
a.m. Two of Met-Ed employees came illegally
onto my "posted" property and started to tear down
my signs and tape on my meter, they did not
even care that Met-Ed had RED STOP tape on

The meter I stood in front of my meter and stopped their distraction. You & Hugh Trucks + 2 Hugh Guys about 2 ft. or more tried to intimidate me on my own posted property. I'm 5 ft. tall and 77 yrs. old. They said that the court ordered them to take my meter down + put up a Smart Meter. I asked to see the court order papers - They had none. I told them I'm going to court to fight to keep my analog meter for the 3rd time and to never ever come on my property again. They said if they didn't replace it, my electricity would be turned off! I've been threatened so many times that they will turn off my electric. Their threats + intimidation is harassment over + over again. I wrote + confronted the PPUC once again. It cost me \$30.45 plus the postage for another they (PPUC) wanted sent. Like I could afford to spend \$30.45 to send a letter that had to be sent Overnight. I have 2 yrs. of Doctor bills for Tom's 7 major operations plus the medicine. Now I'm having open heart surgery. We live on Social Security ^{we do} not for Met-Ed or the PPUC.

* I am going now on a campaign to find out why the Rich Elgert + the Amish just have to refuse the Smart Meters and you say O.K. And there are many more that are privileged.

"Zero Amish Children!" They are not diagnosed with cancer, diabetes, autism,

heart problems, etc. Because, they said no to Smart Meters & Covid Shots! They say it is because of their belief system. They refuse things if they are not safe, not healthy, not Green, or not Private. The installation of a Smart Meter is against their belief system.

I am telling you I have the same belief system & I am thrown into court 2 times & threatened time and time again. Being not allowed the same treatment is unconstitutional!

Their kids & families are living healthy lives & the rest of society's kids are dying of heart conditions on the sports fields. These babies & children have a bleak & mental outlook! And it's going to stop! Where is your conscience?

* I have as much rights as the Amish & other privileged sects & the Rich & evil people of this world. And I am asking people right now to stand up and not be discriminated against for being one that tells the Truth which the P.P.U.C. does not want know.

I have the same rights as the Elite, the Amish, the government, the P.P.U.C. and all other people of the U.S.

You Do Not Compromise with the Amish & Other Special Groups! Why Me!!!

* I have the Right to Equal Protection by the Law - the 1st section of the Fourteenth Amendment to the U.S. Constitution (see section 15) provides that no state shall "deny to any

* person within its jurisdiction the equal protection of the Law." Perhaps more than any other language in the Constitution, this "Equal protection" clause has been used to strengthen and broaden civil rights all over the country.

* There is no reasonable classification or discrimination between my beliefs or the Amish & other Special Groups. And there should always be "equal protection of the Law."

* The courts philosophy in applying the "equal protection" and "due process" clauses found forceful expression in the "equal protection" and "due process" clauses found forceful expression by Congress in the Civil Rights Act of 1964, which squarely bans discrimination of all kinds.

* My Beliefs are the same as the Amish + just because I wasn't Born Amish does not mean I cannot have the same beliefs. I've lived among them for 27 yrs. I have the Law on my side so why are you Singling me out & harassing me? You have harassed me for 6 Long Years. I have over 200 pages to prove it! You are guilty of Harassment to the 1st Degree. You are guilty of discrimination & equal protection of the Law. You are guilty of destroying what is left of my life. I gave you my medical records. Tom's also! So you can't say you didn't know that I have a bad heart. All of which that has left me.

no option but to protect myself from
your harassment, discrimination, Unlawful
trespassing & knowingly made my health
in everyway get worse.

Norma Mosley

P.S. - I have been kind to your people
who read my meter - never mean. I
have paid everyone of your bills sent
to me on time. I use minimal electricity.
As you can see by my case I am not a
threat to anyone, just like the Amish.
But when you single me out, harass
me & destroy my life I will always
push back. When I get to Heaven I'll
finally be rid of you, because you
won't be there. You'll be facing God
for all you've done to me & then be
punished. ~~It's~~ It's hot in HELL! For
Eternity, but don't worry they are all the
same as you - EVIL.
