Response of Windstream Holdings II, LLC *et al.*
To Data Request TUS I
Docket Nos. A-2024-3049628 *et al.*

Request: TUS-I-1 Identify the ultimate parent of each party to the transaction and the valuation of each.

Response:

The parties to the transaction are Windstream Holdings II, LLC and New Windstream, LLC. Windstream Holdings II, LLC is the current ultimate parent company of Windstream (as described in the Joint Petition) and is both the immediate and ultimate parent company New Windstream, LLC. As a result of the transaction, New Windstream, LLC will become the ultimate parent company of Windstream.

Windstream is privately held and, therefore, does not have a valuation based upon a publicly traded stock price. However, in the recent transaction between Windstream and Uniti Group Inc., which is the subject of a separate application currently pending before the Commission, Windstream's pre-closing equity holders will be receiving consideration for their equity in Windstream consisting of (1) \$425 million of cash; (2) preferred equity in the combined company that will result from the transaction with an initial liquidation preference of \$575 million; (3) approximately 35.42% of the common equity in the combined company; and (4) warrants to acquire up to 6.9% of the common shares in the combined company.

Applicants do not understand this data request to be seeking information regarding the Elliott Funds and the PIMCO Funds (as each are defined in the Pro Forma Application), as those entities are not parties to the internal reorganization of Windstream. However, to the extent the data request seeks such information, Applicants state as follows:

The Elliott Funds holding investments in Windstream both before and after the Reorganization are Elliott International, L.P. and Elliott Associates, L.P. The parent of Elliott International, L.P. is Elliott International Limited, a Cayman Islands exempted company, which is owned by numerous investors (limited partners), none of which has an ultimate interest in Windstream greater than 10%. Elliott Associates, L.P. does not have a parent, and is owned by numerous investors (limited partners), none of which has an ultimate interest in Windstream greater than 10%. The investments of the Elliott Funds are managed by affiliates of Elliott Investment Management L.P. (collectively, "Elliott"). Elliott has over \$65 billion in assets under management, which includes, but is not limited to, the investments of the Elliott Funds as defined in the application.

Numerous PIMCO Funds hold investments in Windstream and will continue to do so after the Reorganization. Only one such fund (the PIMCO Funds: PIMCO Income Fund) will have an interest in Windstream greater than 10% following the reorganization. The equity in these funds and accounts is owned by investors in those funds and accounts. The investments of the PIMCO Funds are managed, advised, or sub-advised by Pacific Investment Management Company LLC ("PIMCO"), which has approximately \$1.89 trillion of assets under management as of March 31,

2024, which includes but is not limited to the PIMCO Funds as defined in the application. No parent company of PIMCO has control over the PIMCO Funds' investments in Windstream.

Request: TUS-I-4 Identify all jurisdictions where this or a related transaction has been filed and where approval is being sought. Provide the status of each filing. Response:

Windstream is seeking approval for the reorganization from the following regulatory agencies:

- **Federal Communications Commission**, with respect to certain wireless licenses: Applications filed May 24, 2024. (The reorganization does not require FCC approval with respect to Windstream’s domestic or international Section 214 authorizations or its common carrier wireless licenses because it is *pro forma* under FCC rules. However, FCC rules do not provide a *pro forma* exception with respect to private wireless licenses held by certain Windstream subsidiaries).
- **California Public Utilities Commission**: Advice Letter filed May 28, 2024 and re-submitted June 28, 2024.
- **Connecticut Public Utilities Regulatory Authority**: Application filed June 14, 2024
- **Kentucky Public Service Commission**: Application filed June 14, 2024

- **Texas Public Utility Commission**: Application expected to be filed July 11, 2024
- **Virginia State Corporation Commission**: Application filed June 24, 2024

The ILEC Windstream Licensees face competition from various industries including traditional telecommunications providers, cable providers, and mobile wireless providers. Competitors include, e.g., Charter, Comcast, Starlink, T-Mobile, US Cellular, and Verizon.

In CLEC markets, the Applicants primarily compete with ILECs and cable providers, including Verizon, Brightspeed, Frontier, Fairpoint, Charter, and Comcast.

If the transaction is pending before the Federal Communications Commission (FCC), the U.S. Department of Justice (DOJ), or any other federal agency, please provide unexpurgated copies of responses provided to the FCC, DOJ, or other staff inquiries and data requests.

Response:

Please find a copy of the application submitted by Windstream to the FCC in connection with the indirect transfer of wireless licenses held by certain Windstream subsidiaries, attached to these responses as Exhibit A. As noted in response to question TUS-I-4 above, because the reorganization is *pro forma*, it does not require FCC approval with respect to Windstream's domestic and international section 214 authorizations or its common carrier wireless licenses. However, the change in the ultimate parent company of Windstream subsidiaries holding private wireless licenses requires FCC approval.

In addition, as set forth in the Joint Petition, Windstream and Elliott submitted a notification to DOJ in connection with the rights offering that will precede the reorganization. The review period for this notification expired on July 10, 2024. This notification, for which Applicants request confidential treatment, is attached to these responses as **CONFIDENTIAL** Exhibit B.

Windstream has not filed any other applications or provided responses to data request responses, or other information, with any federal agency in relation to the Reorganization.

If the proposed transaction involves a foreign interest, describe in detail why state regulatory action on the proposed transaction would not be adverse to national security while DOJ approval remains pending.

Response:

The proposed reorganization does not involve any foreign interest holder whose investment in Windstream has not already been reviewed and evaluated by the Team Telecom agencies in connection with its initial investment in Windstream, and is within the scope of the FCC's existing approval of Windstream's foreign investors. In addition, the notice period following Windstream and Elliott's filing with the Department of Justice in connection with the rights offering preceding the reorganization concluded on July 10, 2024. State regulatory action on the proposed transaction will therefore not adversely impact national security, as the pertinent federal agencies have already reviewed Windstream's foreign interest holders.

103b) If the answer to 102 or 103a is 'Y' select one of the choices below.

The Assignee or Post-Transfer Licensee is exempt from the provisions of Section 310(b).

It is not necessary to file a petition for declaratory ruling if the Assignee or Post-Transfer Licensee includes in the attachment required by Item 100 or Item 101a a showing that the subject License(s) is exempt from the provisions of Section 310(b).

The Assignee or Post-Transfer Licensee has received a declaratory ruling(s) approving its foreign ownership, and the application involves only the acquisition of additional spectrum for the provision of a wireless service in a geographic coverage area for which the Assignee or Post-Transfer Licensee has been previously authorized.

If checked, include in the attachment required by Item 100 or Item 101a the citation(s) of the applicable declaratory ruling(s) by DA/FCC number, the FCC Record citation, if available, release date, and a statement that there has been no change in the foreign ownership of the Assignee or Post-Transfer Licensee since the issuance of its ruling.

The Assignee or Post-Transfer Licensee: (i) has received a declaratory ruling(s) approving its foreign ownership, but is not able to make the certification specified immediately above; or (ii) is an "affiliate" of a Licensee or Lessee/SubLessee that received a declaratory ruling(s) under Section 1.990(a) of the Commission's Rules, 47 C.F.R. § 1.990(a), and is relying on the affiliate's ruling for purposes of filing this application as permitted under the affiliate's ruling and Section 1.994(b) of the Rules, 47 C.F.R. § 1.994(b).

If checked, and if the Assignee or Post-Transfer Licensee received its declaratory ruling(s) prior to August 9, 2013, include in the attachment required by Item 103a a copy of a petition for declaratory ruling filed contemporaneously with the Commission to extend the Assignee or Post-Transfer Licensee's existing ruling(s) to cover the same radio service(s) and geographic coverage area(s) involved in the application. Alternatively, the Assignee or Post-Transfer Licensee may request a new declaratory ruling pursuant to Section 1.990(a) of the Commission's Rules, 47 C.F.R. § 1.990(a). Petitions for declaratory ruling may be filed electronically on the Internet through the International Bureau Filing System (IBFS) (with a copy attached hereto).

If checked, and if the Assignee or Post-Transfer Licensee is relying on an affiliate's ruling for purposes of filing this application/notification, include in the attachment required by Item 100 or Item 101a the citation(s) of the applicable declaratory ruling(s) by DA/FCC number, the FCC Record citation, if available, release date, and a statement that the Assignee or Post-Transfer Licensee is in compliance with the terms and conditions of the named affiliate(s)'s ruling and with the Commission's Rules. The Assignee or Post-Transfer Licensee must also include a certification of compliance signed by the named affiliate or other qualified entity as specified in Section 1.994(b) of the Rules, 47 C.F.R. § 1.994(b). The Assignee or Post-Transfer Licensee has not received a declaratory ruling approving its foreign ownership and is requesting a declaratory ruling under Section 1.990(a) of the Commission's Rules, 47 C.F.R. § 1.990(a), in a petition filed contemporaneously with the Commission.

If checked, include in the attachment required by Item 102 or 103a a copy of the petition for declaratory ruling filed contemporaneously with the Commission pursuant to Section 1.990(a) of the Commission's Rules, 47 C.F.R. § 1.990(a). The Assignee or Post-Transfer Licensee has received a declaratory ruling(s) approving its foreign ownership, and the application involves only the acquisition of additional spectrum for the provision of a wireless service in a geographic coverage area for which the Assignee or Post-Transfer Licensee has been previously authorized.

If checked, include in the attachment required by Item 100 or Item 101a the citation(s) of the applicable declaratory ruling(s) by DA/FCC number, the FCC Record citation, if available, release date, and a statement that there has been no change in the foreign ownership of the Assignee or Post-Transfer Licensee since the issuance of its ruling.

Alternatively, the Assignee or Post-Transfer Licensee may request a new declaratory ruling pursuant to Section 1.990(a) of the Commission's Rules, 47 C.F.R. § 1.990(a). Petitions for declaratory ruling may be filed electronically on the Internet through the International Bureau Filing System (IBFS) (with a copy attached hereto).

If checked, and if the Assignee or Post-Transfer Licensee is relying on an affiliate's ruling for purposes of filing this application/notification, include in the attachment required by Item 100 or Item 101a the citation(s) of the applicable declaratory ruling(s) by DA/FCC number, the FCC Record citation, if available, release date, and a statement that the Assignee or Post-Transfer Licensee is in compliance with the terms and conditions of the named affiliate(s)'s ruling and with the Commission's Rules. II. DESCRIPTION OF REORGANIZATION

Addition of New Parent Company. Windstream Holdings, the current ultimate parent of BOB and Valor (collectively, the “Licensed Subsidiaries”) will conduct a *pro forma* reorganization. Windstream Holdings is currently the immediate parent of New Windstream. It will form several new subsidiaries under New Windstream, including New Windstream Holdings II, LLC, which will be an indirect subsidiary (via additional newly-formed intermediate holding companies) of New Windstream, LLC. Windstream Holdings will then merge into New Windstream Holdings II, LLC, with New Windstream Holdings II, LLC surviving. As New

Windstream is the ultimate parent of New Windstream Holdings II, LLC, New Windstream will become the ultimate parent of Windstream Holdings' Licensed Subsidiaries.

New Windstream will operate pursuant to the same limited liability company agreement as Windstream Holdings does today, and will have the identical ownership as Windstream Holdings immediately prior to the restructuring, with owners of equity and warrants in Windstream Holdings at closing receiving equivalent equity and warrants in New Windstream.

Non-substantial Changes in Ownership. Prior to this *pro forma* restructuring, Windstream Holdings will undergo non-substantial changes in the relative ownership shares held by its existing equity holders that will not result in a change of ownership or control of Windstream Holdings or the Licensed Subsidiaries. Specifically, Windstream Holdings will offer existing Windstream Holdings members the right to purchase warrants exchangeable for common units in the company. Windstream Holdings will then use the proceeds from this offering to repurchase units from certain members who wish to sell their units.

Windstream's three largest current equity holders are funds managed by Elliott Investment Management L.P. and its advisory affiliates ("Elliott" and the "Elliott Funds"), certain funds and accounts managed, advised or sub-advised by Pacific Investment Management Company LLC ("PIMCO" and the "PIMCO Funds"), and Oaktree.¹ Elliott and Oaktree have agreed to make certain commitments to ensure that no investor will acquire majority ownership or control of Windstream Holdings, and that no foreign investor will acquire a majority economic interest in Windstream Holdings, as a result of the rights offering and accompanying repurchase of common units. Windstream Holdings will repurchase most of Oaktree's common units in the offering but Oaktree has committed to retain sufficient equity in Windstream

¹ "Oaktree" means Oaktree AIF Investments, L.P., Oaktree Capital Management, L.P., Oaktree Fund GP II, L.P., Oaktree Strategic Income SPV, LLC, and their respective managed funds and accounts.

Holdings to ensure that no remaining investor obtains a majority of the equity in Windstream Holdings. Elliott has agreed to backstop any shortfall in buying demand needed to satisfy selling demand. Elliott has also agreed to ensure that funds managed by Elliott will collectively hold less than 50 percent of the outstanding units after the rights offering concludes by committing to exchange any common units in the company for warrants as needed to keep each of (1) the Elliott Funds' ownership; (2) the Elliott Funds' foreign ownership as calculated under the Commission's foreign ownership rules; (3) the PIMCO Funds' ownership; and (4) the PIMCO Funds' foreign ownership as calculated under the Commission's foreign ownership rules; below 50 percent after reduction in the number of outstanding units. Common units and warrants in Windstream Holdings will then be converted into common units and warrants in New Windstream at closing.

The licensees at issue are subject to a prior grant of a Petition for Declaratory Ruling² issued on June 3, 2023. The Federal Communications Commission granted approval for aggregate ownership of up to 100 percent of Windstream Holdings' licenses (including Windstream Holdings' Subsidiaries' licenses) to be foreign owned, specific approval for certain ownership percentages for the respective funds, and advance approval for the Elliott Funds and the PIMCO Funds to own up to a noncontrolling 49.99 percent ownership. After the reorganization, New Windstream, Valor, and BOB will remain in compliance with the terms and conditions of that ruling and the Commission's rules. The parties will continue to rely on that ruling. Because the restructuring will not change actual control or ultimate ownership of New Windstream's licensed subsidiaries, it is *pro forma* under the Commission's rules.

² See *Grant of Windstream Holdings II, LLC Petition For Declaratory Ruling*, Public Notice, 38 FCC Rcd 5084 (2023).

III. PUBLIC INTEREST STATEMENT

The Commission does not require a finding that a *pro forma* transfer of control affects the public interest prior to granting approval.³ In this instance, because the transfer of control of the licensees holding the below-listed licenses is occurring between Windstream Holdings and New Windstream, two companies that will have the same ultimate ownership, with no “change [in] the underlying ownership or control of licensees [from those] that the Commission has already reviewed and approved,” this transfer is *pro forma*.⁴

To the extent any public interest analysis is required, this transaction is in the public interest because it will enable Windstream to realize tax efficiencies in connection with upcoming rights offering, better positioning the company to compete in the competitive telecommunications marketplace.

IV. LICENSES SUBJECT TO TRANSFER

BOB and Valor, collectively, hold 980 active licenses. Specifically, there are 946 Common Carrier Fixed point to Point Microwave (CF) licenses, 4 Rural Radiotelephone (CR) licenses, 1 BETRS (CB) license, 27 Microwave Industrial/Business Pool (MG) licenses, and 2 Millimeter Wave 70/80/90 GHz (MM) licenses.

The common carrier wireless licenses held by BOB and Valor are subject to forbearance permitting *pro forma* transfers without prior approval, and instead requiring only post-close notice.⁵ However, as BOB and Valor also hold private wireless licenses for which the Commission’s approval is required for *pro forma* changes of control, Windstream Holdings and
