To Whom It May Concern:

By application received by the Commission on June 10, 2024, Peoples Natural Gas Company, LLC (Peoples), seeks Commission approval to alter the crossing where Hickory Road (T-446) crosses, below grade, a single track of Norfolk Southern Railway Company (NS) (DOT 505 234 B) by the installation of a 6-inch diameter plastic pipe encased in a 12-inch steel casing pipe in Somerset Township, Washington County.

The new 12-inch diameter steel casing pipe will be installed via jack and bore, and the 6-inch plastic carrier line will be inserted into the casing pipe via open trench. The casing pipe will have a minimum cover of 6.7 feet from the top of the casing pipe to the roadway surface.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, Peoples states that the proposed gas pipeline installation is necessary to replace an aging bare steel gas line. Peoples will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for its facilities, at its sole cost and expense. The estimated cost of the alteration of the crossing is anticipated to be \$12,000.

All work is to be performed in accordance with the plans hereby entitled: "EXHIBIT A" consisting of three (3) sheets submitted to the Commission with the application.

Peoples has served a copy of the application and plan on NS, Washington County, Somerset Township, Equitrans, Tri-County Joint Municipal Authority, First Energy, and the Pennsylvania Department of Transportation. All parties in interest were queried by letter dated June 28, 2024, sent via email as to any objection to the subject application and plans. Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.
