Re: C-2020-3020990, Craig Bowes v. PPL Electric Utilities corp.

Your Honor,

I'm respectfully requesting a continuance of my hearing scheduled for August 13th at 10:00 am due to the failing health of my wife. She was recently infected with Lyme disease after sustaining a tick bite and we've had to make two trips to the ER due to her severe, debilitating headaches and inability to keep her balance. On our last trip on August, the attending doctor shared his concerns that she may be suffering from something more serious than mere inflammation, and may instead be suffering from a fluid build up in her brain, advising we consider that she be admitted for a full Neuro evaluation with CAT scan, MRI and a spinal tap to drain excess fluid if necessary. As she doesn't seem to be improving much with the medication prescribed for the Lyme infection, it's becoming very possible that this may be necessary and therefore may interfere with my ability to be available for our hearing.

It is with this concern to do my best to care for and be fully present for my wife that I humbly make this request.

Respectfully,

Craig A. Bowes
