Dr. Little,

For your record.

I received the response below from First Energy today.

Please let me know should you have any further questions.

Here's some of the information requested for Mr. Little.

Williams township is served off of six circuits. One circuit had tree trimming in 2023. The others are either currently being worked or scheduled for this year. We trim trees on a four-year cycle. The circuit serving Mr. Little is scheduled for maintenance this year. We have seen a lot of destruction from the ash bore and have been working to remediate, even outside our right of way, where possible. The majority of outages occur from trees off our right of way (which is typically 10 feet). It is the responsibility of the customer to maintain trees on their property

outside our right of way, but this often does not happen. Mr. Little has experienced nine sustained outages in the past year. Eight of those were due to off right of way trees. One was equipment failure.

Good afternoon.

It was so very nice for you to stop by and introduce yourself. It's always good to put a face to a name!

Representative Freeman received a letter and packet of information concerning "Power Outages in Williams Township" Easton, Pa. from a constituent, Dr.

Thomas Little who is a resident of the township.

He asked if you could possibly investigate this matter and perhaps share any information with our office so that we can respond to and share that information with Dr. Little.

As always thank you for your prompt attention, time, and assistance to this request.

Renee

Let me gather some information from reliability and forestry. I know that area has been hard hit this winter.
