RE: Natural Gas Supplier License Application -> Bonding Letters from Utilities

I, Christy J. Morrone III, PE, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief, and that I expect to be able to prove the same at a hearing held in this matter. I understand that the statements herein are made subject to the penalties of 18 Pa. C.S. & (4904 relating to the unsworn falsification to authorities).

Sincerely,

Canfield, OH 44406

Dear Chris J. Morrone III, PE:

We are pleased that Sussex Energy Services, LLC has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, Sussex Energy Services, LLC could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. Sussex Energy Services, LLC has indicated only brokering and consulting services will be provided. Therefore, we have determined at this time that Sussex Energy Services, LLC does not need a bond or other financial security requirement to provide broker natural gas services to Columbia Gas customers.

If the creditworthiness requirement or Columbia Gas' exposure to Sussex Energy Services, LLC changes in the future, Columbia Gas might deem it appropriate to require Sussex Energy Services, LLC to provide a bond or other financial security instrument.

Please feel free to contact me at 614-460-4980 should you have any questions regarding a bond or other financial security instrument requirements of Columbia Gas.

Sincerely,

Kylia Davis

Dear Chris,

National Fuel Gas Distribution Corporation (“NFGDC”) is aware Sussex Energy Service, LLC (“SES”) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas service to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, SES must furnish acceptable security to each utility where SES will do business. As such, under its tariff, NFGDC could require SES to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC’s understanding that SES intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, SES will never take title to any delivered natural gas, nor will it accept any customer payments or deposits.

Based upon your representations, NFGDC has determined that, at this time, SES does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by SES change in the future, NFGDC reserves the right to require security from SES as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7541.

Yours truly,

Jason Allen

Mr. Chris J. Morrone III, PE
CEO/President
Sussex Energy Services, LLC
6100 Jamison Place
Canfield, OH 44406

Dear Mr. Morrone:

We are pleased that Sussex Energy Services, LLC has applied for a license to provide natural gas services on Peoples Natural Gas Company LLC. Specifically you have requested to be licensed as a supplier on the distribution systems of Peoples Natural Gas Division and Peoples Gas Division (formerly Peoples TWP).

Since Sussex Energy Services, LLC is not currently serving customers on the Peoples systems, we have determined at this time that Sussex Energy Services, LLC does not need a bond or other financial security requirement to provide these services to the Company's customers.

If a Pool is established, and customers are enrolled which alters the creditworthiness requirement or the Company's exposure to Sussex Energy Services, LLC's provision of services on the Peoples' system changes in the future, the Company may deem it appropriate to require a bond or other financial instrument.

If you have any questions feel free to contact me at 412-208-6931 or by email at Carol.Scanlon@peoples-gas.com.

Sincerely,

Carol Scanlon

Re: Bonding Requirements

Dear Chris J Morrone III:

PECO is aware that Sussex Energy Services LLC has applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application Sussex Energy Services LLC could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. Sussex Energy Services LLC has indicated that it intends to provide only brokering and/or consulting services to commercial and industrial customers; will not take title to any delivered natural gas; nor will accept any customer payments or deposits.

Therefore, PECO has determined at this time that Sussex Energy Services LLC does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided Sussex Energy Services LLC or the creditworthiness requirement for PECO's exposure to Sussex Energy Services LLC changes in the future, PECO reserves the right to require Sussex Energy Services LLC to provide a bond or other financial security instrument.

If you should have any questions regarding this matter, please contact Wanda Rucker at Wanda.Rucker@exeloncorp.com.

Respectfully submitted,

Suzette Adams

RE: Security Requirement Bond for Sussex Energy Services, LLC.

Dear Mr. Morrone,

Philadelphia Gas Works (“PGW”) is aware that Sussex Energy Services, LLC has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, Sussex Energy Services, LLC must furnish acceptable security to each utility where Sussex Energy Services, LLC will do business. As such, under its tariff, Philadelphia Gas Works could require Sussex Energy Services, LLC, to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works’ understanding, that Sussex Energy Services, LLC, intends only to provide natural gas aggregating, brokering, and consulting services at this time. You have stated that in performing these services Sussex Energy Services, LLC will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time, Sussex Energy Services, LLC, does not need to post a bond or other form of security to operate in its service territory. If the services provided by Sussex Energy Services, LLC, should change, Philadelphia Gas Works reserves the right to require security from Sussex Energy Services, LLC as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 215-684-6725.

Sincerely,

A handwritten signature in black ink that reads "John Zuk".

RE: Sussex Energy Services, LLC
 Application to Serve as a Natural Gas Broker

Dear Mr. Morrone,

Based on your assertion that Sussex Energy Services, LLC (“Sussex Energy”) is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities, Inc.-Gas Division (“UGIU”) has concluded that Sussex Energy will not need to post security with UGIU. This is based on the declaration that Sussex Energy will be acting in conjunction with a licensed natural gas supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the UGIU Tariff. If Sussex Energy wishes to directly serve Choice customers in the service territories of UGIU in the future as a natural gas supplier, it will have to post security as specified in the UGIU Tariff prior to the commencement of the service.

Please feel free to contact me with any additional questions you may have.

Sincerely,

Sherry Epler
Senior Manager
Tariff & Supplier Administration

RE: Sussex Energy Services, LLC

Dear Mr. Morrone:

We understand that Sussex Energy Services, LLC has applied with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania, including our company's service area.

Pursuant to 66 Pa.C.S. § 2208(c), an applicant for a natural gas supplier license must furnish security to each utility where it will do business to ensure the supplier's financial responsibility. To this end, Valley Energy periodically will perform a credit review and analysis of Sussex Energy Services, LLC when it begins to serve customers on Valley Energy's system. Valley Energy will determine whether Sussex Energy Services, LLC must post a security based on the credit review, the types of customers served, the volumes expected to be delivered for those customers and the other rules in Valley Energy's Supplier Tariff. **At this time, no security is being requested;** however, if the services provided change in the future, we reserve the right to require security from Sussex Energy Services, LLC as deemed appropriate.

If you have any questions, please contact Jamie Beale at 570-888-9664 (Ext. 5232).

Sincerely,

Edward E. Rogers
President & CEO
