GENERAL INFORMATION

Bill Questions? Please call UGI before the bill's due date. UGI's phone number, due date and billing rate is located on the front of the bill. A detailed rate schedule can be requested. To discuss an overdue account, call 1-800-276-2722, weekdays 8AM to 5PM. Visit www.ugi.com for additional information. Hearing or speech impaired customers, TDD only, call 1-800-654-5988.

Bill Payments: To pay your bill by mail, simply use the envelope provided with your bill. You may pay at a payment center. A list of the payment centers is available upon request. To pay by phone, please call 1-800-276-2722. We offer a plan where your bank deducts your payment automatically from your checking or savings account. Visit ugi.com or call UGI about this service.

Need Your Electric Service Turned Off? To have your electric or natural gas service is turned off on a specific day, contact UGI seven days in advance.

EMERGENCIES: to report a Gas Leak, call 1-800-276-2722, 24 hours a day

EXPLANATION OF TERMS

Alternative Energy Surcharge – Charges for the purchase of energy from sources such as solar photovoltaic energy, solar thermal energy wind power, landfill and mine based methane gas, energy from waste and sustainable biomass energy, as required by Pennsylvania law.

CCF – 100 cubic feet of gas. **MCF** – 1,000 cubic feet of gas. This is a measure of gas usage.

Commodity Charges or Purchased Gas Adjustment – The amount billed each month for gas supply service sold by volume (CCF or MCF).

Customer Charge – A monthly charge to cover costs for billing, meter reading, service line maintenance and equipment. This charge is the same no matter how much electricity you use.

Distribution Charges – Charges for the use of local wires, transformers, substations and other equipment used to deliver electricity to consumers from the high voltage transmission lines.

Estimated Bill – A bill based on our previous use and weather conditions. UGI may need to estimate your bill due to extreme weather conditions, emergencies or any other circumstances that prevent UGI from taking a meter reading.

Generation Charges – Charges related to the purchase of electricity.

Grid/Pole # – The grid number is a pole number which shows us the exact location of your service.

Heat Value Correction – A correction factor applied to metered usage to adjust for gas heating values that locally differ from system average heating values. Not applicable to Maryland customers.

Kilowatt-hour (KWH) – A measure of how much electricity you use. For example, the amount of electricity needed to light 100-watt light bulb for ten hours is one kilowatt-hour (KWH).

Late Payment Charge – A fee that UGI charges if you do not pay your bill on time. It is a fixed monthly percentage of the amount owed.

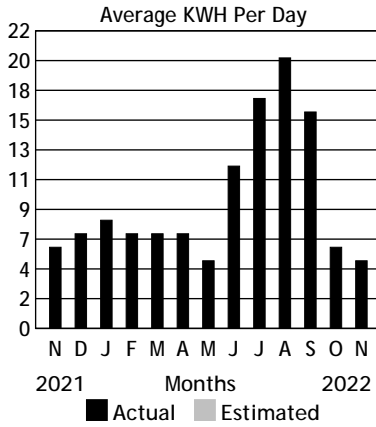

Maryland Franchise Tax – A tax surcharge for the recovery of the Maryland Franchise Tax. Not applicable to Pennsylvania customers.

State Tax Surcharge – A charge approved by the Pennsylvania Public Utility Commission. It is a special charge to recover state taxes UGI pays. Not applicable to Maryland customers.

System Improvement Charge – A charge used to recover costs for repairing, improving or replacing distribution facilities in order to provide safe, reliable and efficient service. Not applicable to Maryland customers.

Transmission Charges – Charges for transporting electricity from the source of supply to UGI.

Weather Normalization Adjustment (WNA) – Is a method of billing distribution charges based on "normal" weather approved by the Pennsylvania Public Utility Commission. Not applicable to Electric or Maryland customers.

Need Your Electric Service Turned Off? To have your electric or natural gas service is turned off on a specific day, contact UGI seven days in advance.

EMERGENCIES: to report a Gas Leak, call 1-800-276-2722, 24 hours a day

EXPLANATION OF TERMS

Alternative Energy Surcharge – Charges for the purchase of energy from sources such as solar photovoltaic energy, solar thermal energy wind power, landfill and mine based methane gas, energy from waste and sustainable biomass energy, as required by Pennsylvania law.

Bill Proration – If there are rate changes during a billing cycle, the customer's bill will include prorated charges based on the timing of the rate changes within the billing period.

CCF – 100 cubic feet of gas. **MCF** – 1,000 cubic feet of gas. This is a measure of gas usage.

Commodity Charges or Purchased Gas Adjustment – The amount billed each month for gas supply service sold by volume (CCF or MCF).

Customer Charge – A monthly charge to cover costs for billing, meter reading, service line maintenance and equipment. This charge is the same no matter how much electricity you use.

Distribution Charges – Charges for the use of local wires, transformers, substations and other equipment used to deliver electricity to consumers from the high voltage transmission lines.

Estimated Bill – A bill based on our previous use and weather conditions. UGI may need to estimate your bill due to extreme weather conditions, emergencies or any other circumstances that prevent UGI from taking a meter reading.

Generation Charges – Charges related to the purchase of electricity.

Grid/Pole # – The grid number is a pole number which shows us the exact location of your service.

Heat Value Correction – A correction factor applied to metered usage to adjust for gas heating values that locally differ from system average heating values. Not applicable to Maryland customers.

Kilowatt-hour (KWH) – A measure of how much electricity you use. For example, the amount of electricity needed to light 100-watt light bulb for ten hours is one kilowatt-hour (KWH).

Late Payment Charge – A fee that UGI charges if you do not pay your bill on time. It is a fixed monthly percentage of the amount owed.

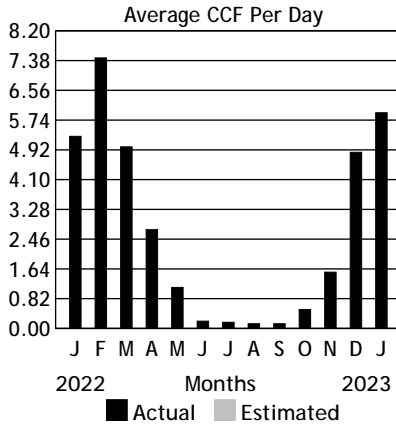

Maryland Franchise Tax – A tax surcharge for the recovery of the Maryland Franchise Tax. Not applicable to Pennsylvania customers.

State Tax Surcharge – A charge approved by the Pennsylvania Public Utility Commission. It is a special charge to recover state taxes UGI pays. Not applicable to Maryland customers.

System Improvement Charge – A charge used to recover costs for repairing, improving or replacing distribution facilities in order to provide safe, reliable and efficient service. Not applicable to Maryland customers.

Transmission Charges – Charges for transporting electricity from the source of supply to UGI.

Weather Normalization Adjustment (WNA) – Is a method of billing distribution charges based on "normal" weather approved by the Pennsylvania Public Utility Commission. Not applicable to Electric or Maryland customers.

EMERGENCIES: to report a Gas Leak, call 1-800-276-2722, 24 hours a day

EXPLANATION OF TERMS

Alternative Energy Surcharge – Charges for the purchase of energy from sources such as solar photovoltaic energy, solar thermal energy wind power, landfill and mine based methane gas, energy from waste and sustainable biomass energy, as required by Pennsylvania law.

Bill Proration – If there are rate changes during a billing cycle, the customer's bill will include prorated charges based on the timing of the rate changes within the billing period.

CCF – 100 cubic feet of gas. **MCF** – 1,000 cubic feet of gas. This is a measure of gas usage.

Commodity Charges or Purchased Gas Adjustment – The amount billed each month for gas supply service sold by volume (CCF or MCF).

Customer Charge – A monthly charge to cover costs for billing, meter reading, service line maintenance and equipment. This charge is the same no matter how much electricity you use.

Distribution Charges – Charges for the use of local wires, transformers, substations and other equipment used to deliver electricity to consumers from the high voltage transmission lines.

Estimated Bill – A bill based on our previous use and weather conditions. UGI may need to estimate your bill due to extreme weather conditions, emergencies or any other circumstances that prevent UGI from taking a meter reading.

Generation Charges – Charges related to the purchase of electricity.

Grid/Pole # – The grid number is a pole number which shows us the exact location of your service.

Heat Value Correction – A correction factor applied to metered usage to adjust for gas heating values that locally differ from system average heating values. Not applicable to Maryland customers.

Kilowatt-hour (KWH) – A measure of how much electricity you use. For example, the amount of electricity needed to light 100-watt light bulb for ten hours is one kilowatt-hour (KWH).

Late Payment Charge – A fee that UGI charges if you do not pay your bill on time. It is a fixed monthly percentage of the amount owed.

Maryland Franchise Tax – A tax surcharge for the recovery of the Maryland Franchise Tax. Not applicable to Pennsylvania customers.

State Tax Surcharge – A charge approved by the Pennsylvania Public Utility Commission. It is a special charge to recover state taxes UGI pays. Not applicable to Maryland customers.

System Improvement Charge – A charge used to recover costs for repairing, improving or replacing distribution facilities in order to provide safe, reliable and efficient service. Not applicable to Maryland customers.

Transmission Charges – Charges for transporting electricity from the source of supply to UGI.

Weather Normalization Adjustment (WNA) – Is a method of billing distribution charges based on "normal" weather approved by the Pennsylvania Public Utility Commission. Not applicable to Electric or Maryland customers.

EMERGENCIES: to report a Gas Leak, call 1-800-276-2722, 24 hours a day

EXPLANATION OF TERMS

Alternative Energy Surcharge – Charges for the purchase of energy from sources such as solar photovoltaic energy, solar thermal energy wind power, landfill and mine based methane gas, energy from waste and sustainable biomass energy, as required by Pennsylvania law.

Bill Proration – If there are rate changes during a billing cycle, the customer's bill will include prorated charges based on the timing of the rate changes within the billing period.

CCF – 100 cubic feet of gas. **MCF** – 1,000 cubic feet of gas. This is a measure of gas usage.

Commodity Charges or Purchased Gas Adjustment – The amount billed each month for gas supply service sold by volume (CCF or MCF).

Customer Charge – A monthly charge to cover costs for billing, meter reading, service line maintenance and equipment. This charge is the same no matter how much electricity you use.

Distribution Charges – Charges for the use of local wires, transformers, substations and other equipment used to deliver electricity to consumers from the high voltage transmission lines.

Estimated Bill – A bill based on our previous use and weather conditions. UGI may need to estimate your bill due to extreme weather conditions, emergencies or any other circumstances that prevent UGI from taking a meter reading.

Generation Charges – Charges related to the purchase of electricity.

Grid/Pole # – The grid number is a pole number which shows us the exact location of your service.

Heat Value Correction – A correction factor applied to metered usage to adjust for gas heating values that locally differ from system average heating values. Not applicable to Maryland customers.

Kilowatt-hour (KWH) – A measure of how much electricity you use. For example, the amount of electricity needed to light 100-watt light bulb for ten hours is one kilowatt-hour (KWH).

Late Payment Charge – A fee that UGI charges if you do not pay your bill on time. It is a fixed monthly percentage of the amount owed.

Maryland Franchise Tax – A tax surcharge for the recovery of the Maryland Franchise Tax. Not applicable to Pennsylvania customers.

State Tax Surcharge – A charge approved by the Pennsylvania Public Utility Commission. It is a special charge to recover state taxes UGI pays. Not applicable to Maryland customers.

System Improvement Charge – A charge used to recover costs for repairing, improving or replacing distribution facilities in order to provide safe, reliable and efficient service. Not applicable to Maryland customers.

Transmission Charges – Charges for transporting electricity from the source of supply to UGI.

Weather Normalization Adjustment (WNA) – Is a method of billing distribution charges based on "normal" weather approved by the Pennsylvania Public Utility Commission. Not applicable to Electric or Maryland customers.

Electric Rate Classification (R): Residential General
