

Docket Number C-2024-3051002

Dear PAPUC, I wanted to file additional information around my formal complaint. I erroneously had marked the date of the 2nd power surge as 1/21/2024 when in fact it happened on 1/11/2024. I wanted to reach out to make that clear as I know there are a lot of community members filing formal complaints around these PECO power surges and therefore I wanted to ensure what I filed was accurate and lined up.

Best,
