Just Energy Security Compliance Filing : Utility Code: 110117

JUST ENERGY SOLUTIONS INC. COMPLIANCE FILING

---

**I. Introduction**

1. Just Energy Solutions, Inc. (“JES” or “Company”) is an electric generation supplier (“EGS”) authorized by the Pennsylvania Public Utility Commission (“PaPUC” or “Commission”) to provide electric generation supplier services to residential, small commercial, large commercial, industrial and governmental customers in the electric distribution company service territories within the Commonwealth of Pennsylvania. JES received its initial license to operate as an EGS by order of September 15, 1999 at Docket No. A-110117. As a licensed EGS, JES is subject to the Commission’s authority to require it to furnish a bond or other security in order to operate in the Commonwealth of Pennsylvania, pursuant to Section 2809(c) of the Public Utility Code (“Code”) and Section 54.40 of the Commission’s regulations. 66 Pa.C. S. §2809(c); 52 Pa. Code §54.40.

2. Section 54.40(d) of the Commission’s regulations requires EGSs to provide a security level of 10% of the licensee’s reported gross receipts. However, a licensee may seek approval from the Commission of an alternative level of bonding, commensurate with the nature and scope of its operations. 52 Pa.Code §54.40(d). According to the Commission’s regulations, the purpose of the bond is to ensure payment of the Pennsylvania Gross Receipts Tax (“GRT”) and to ensure the supply of electricity at the retail level in accordance with contracts, agreements or arrangements. 52 Pa.Code §54.40(f)(2). On July 24, 2014, after consideration of formal comments submitted to a December 5, 2013 Tentative Order, the Commission found that requiring

an EGS to post a bond or security in the amount of 10% of gross receipts after the first year of operation “may be excessive in relation to the risk intended to be secured, unnecessarily burdening EGSs, and presenting a potential barrier to entry into Pennsylvania’s retail electric market.”<sup>1</sup> Therefore, the Commission announced in the July 24, 2014 Order that it was adopting the policy of accepting applications by EGSs to reduce their level of bonding/security after the first year of operation to 5% of the EGS’s most recent 12 months of gross revenue or \$250,000, whichever is higher. In addition, the July 24, 2014 Order delegated authority to review uncontested requests for a reduction in the level of bonding to the Bureau of Technical Utility Services.<sup>2</sup> In an Order entered September 20, 2018, the Commission streamlined the process for EGSs to obtain reductions in their annual security obligations and permitted, *inter alia*, the filing of a Compliance Filing for renewal of security rather than a formal Petition.<sup>3</sup>

3. Based on the July 24, 2014 Order, the September 20, 2018 Order, the Code, the Commission’s regulation at Section 54.40(d) and the following supporting material, JES respectfully requests that the Commission accept and approve its annual security compliance filing.

4. By Secretarial Letter Dated June 14, 2023 at Docket No. A-110117, Utility Code 110117, the Commission approved JES’s February 24, 2023 Petition for a security reduction, effective to November 30, 2023. Similar compliance filings are being made for Hudson’s two other affiliates - Hudson Energy Services, LLC (“Hudson”), Docket No. A-2010-2192137, and Just

**II. Information Provided in Support of Security Compliance Filing**

5. This Compliance Filing includes Confidential Attachments 1 through 4. Confidential Attachment 1 provides JES’s gross revenues for the sale of electricity to retail customers in Pennsylvania for the most recent twelve (12) months, and a calculation of 5% of those reported gross revenues.

6. Confidential Attachment 2 is a Tax Status Letter of Good Standing obtained by JES from the Pennsylvania Department of Revenue (“DOR”).

7. Confidential Attachment 3 provides confirmation of JES’s paid gross receipts.

8. Confidential Attachment 4 is a copy of JES’s renewed security. An original security document will be delivered under separate cover to the Commission.

9. Based on the foregoing information, JES proposes to meet its current security requirement with security reflecting 5% of its most recent twelve (12) months of gross revenue. This amount is reasonable and satisfies the requirements of Section 2809(c) of the Public Utility Code and Section 54.40 of the Commission’s regulations. 66 Pa.C.S. §2809(c); 52 Pa. Code §54.40.

**III. Relief Requested and Conclusion**

JES respectfully requests that its Compliance Filing be accepted and approved.

Respectfully submitted,

Dated: August 29, 2024
