RE: Interim Default Service Supply – Residential & Lighting and Small C&I
      Effective September 25, 2024
      M-2024-3050905

Dear Ms. Williams:

The Bureau of Audits has reviewed Duquesne Light Company's proposed Supplement No. 81 to Tariff Electric-Pa. P.U.C. No. 25 and the supporting rate computations submitted on August 26, 2024 to become effective on September 25, 2024.
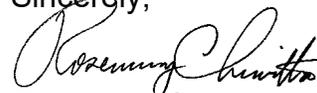

Based upon staff review, it appears that the proposed Default Service Supply (DSS) rates for the Residential & Lighting and Small Commercial & Industrial classes for the period of September 25, 2024 through November 30, 2024 are consistent with the tariff and, accordingly, are permitted to become effective as filed.

Based upon staff review, it appears that the proposed Electric Vehicle Time-of-Use (EV-TOU) rates for the Residential & Lighting and Small Commercial & Industrial classes for the period of September 25, 2024 through November 30, 2024 are consistent with the tariff and, accordingly, are permitted to become effective as filed.

The DSS is subject to continuous Commission review and audit as well as reconciliation reports in accordance with Section 1307(e) of the Public Utility Code, 66 Pa. C.S. § 1307(e).

Pursuant to the Commission's regulations at 52 Pa. Code § 5.44 (relating to petitions for reconsideration from actions of the staff), you may appeal by filing a petition for reconsideration with the Commission within 20 days of the date of this letter. Any subsequent submissions to the Commission related to this docketed case should reference Docket No. M-2024-3050905.

Sincerely,

Rosemary Chiavetta
Secretary
