**TO ALL PARTIES OF RECORD**

Application of PPL Electric Utilities Corp for approval to alter the public crossing (DOT 592 406 S) by replacing a utility pole and raising the aerial wires where Klines Lane crosses, at grade, two (2) tracks of the Norfolk Southern Railway Company located in Borough of Emmaus, Lehigh County

To Whom It May Concern:

By application filed with the Commission on August 13, 2024, PPL Electric Utilities Corporation (PPL) seeks Commission approval to alter the public crossing (DOT 592 406 S) by replacing a utility pole and raising the aerial wires where Klines Lane crosses, at grade, two (2) tracks of the Norfolk Southern Railway Company located in Borough of Emmaus, Lehigh County.

PPL will replace an existing utility pole on the southeast side and raise the vertical clearances of the aerial wires. The installation will provide a minimum vertical clearance of thirty-one feet eleven-inches (31'-11") from the top of rail to the lowest aerial wire.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, PPL, states that the proposed work is necessary to provide adequate, efficient, and reasonable communication facilities and power to the public in Lehigh County and surrounding areas. PPL will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for its facilities, at its sole cost and expense. The cost of the project is anticipated to be approximately \$10,000.

All work is to be performed in accordance with the plans entitled: "EXHIBIT A," consisting of one (1) sheet submitted to the Commission with the application.

PPL has served a copy of the application and plans on Pennsylvania Department of Transportation, Norfolk Southern Railway Company, Borough of Emmaus and Lehigh County. All parties in interest were queried by letter sent by electronic mail on August 15, 2024, as to any objection to the subject application and plans. None of the parties have responded with any objection to the subject application or plans.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.

The Commission issues this Secretarial Letter in accordance with Section 2702 of the Public Utility Code and finds that the alteration of the crossing is necessary and proper for the service, accommodation, convenience or safety of the public.

The application of PPL Electric Utilities Corporation is approved as herein directed:

1. The caption of the subject proceeding is hereby revised as shown herein.
2. The public crossing (DOT 592 406 S) where Klines Lane crosses, at grade, two (2) tracks of the Norfolk Southern Railway Company located in Borough of Emmaus, Lehigh County, be altered generally in accordance with the installation plan entitled: "EXHIBIT A," consisting of one (1) sheet provided to the Commission on August 13, 2024; which plan is made part hereof and is hereby approved except insofar as it may relate to the division of work, deletion of work, or the allocation of costs and expenses incident to the installation of the project.
3. PPL Electric Utilities Corporation, at its sole cost and expense, furnish all material and perform all work necessary to alter the crossing by replacing the existing utility pole on the southeast side of the railroad crossing and raise the vertical clearances of the aerial wires, all in accordance with the approved plan and this Secretarial Letter.
4. PPL Electric Utilities Corporation, at its sole cost and expense, furnish all material and perform all work necessary to establish and maintain any detours or traffic controls that may be required to properly and safely accommodate highway and pedestrian traffic during the time the crossing is being altered.
5. Any relocation of, changes in and/or removal of any adjacent structures, equipment or other facilities of any non-carrier public utility, other than PPL Electric Utilities Corporation, which may be required as incidental to the alteration of the crossing, be made by said public utility at its initial cost, and in such a manner as will not interfere with the alteration of the crossing; and such relocated or altered facilities thereafter be maintained by said public utility, at its sole cost and expense.

6. Norfolk Southern Railway Company, at the sole cost and expense of PPL Electric Utilities Corporation, furnish all material and perform all work relating to its facilities which may be required as incidental to the performance of the proposed work and furnish any watchmen, flagmen, inspectors and/or engineering services that may be deemed necessary to protect the railroad's operations or facilities during the time the facilities are being installed.

7. PPL Electric Utilities Corporation, at its sole cost and expense, furnish all material and perform all work necessary to complete the remainder of the project, and any other ancillary features of the project, generally in accordance with the approved plans and this Secretarial Letter.

8. The alteration of the crossing be completed on or before September 30, 2025, and that on or before said date PPL Electric Utilities Corporation, report in writing the date of actual completion of the work to this Commission and certify to the parties of record and this Commission that the work has been satisfactorily completed in accordance with the approved plans and this Secretarial Letter.

9. PPL Electric Utilities Corporation, at its sole cost and expense, pay all compensation for damages, if any, due to owners of property taken, injured or destroyed by reason of the alteration of the crossing in accordance with this Secretarial Letter.

10. All parties involved herein cooperate fully with each other so that during the time the work is being performed, vehicular, pedestrian and railroad traffic will not be endangered or unnecessarily inconvenienced, and so that the requirements of each of the parties will be provided for and accommodated insofar as possible.

11. PPL Electric Utilities Corporation cooperate with the non-carrier utilities involved, so that during the alteration of the involved crossing, the facilities of the non-carrier utilities will not be endangered or unnecessarily interrupted.

12. PPL Electric Utilities Corporation, at least seven (7) days prior to the start of work, notify all parties in interest of the actual date on which work will begin.

13. Upon completion of the alteration of the crossing, PPL Electric Utilities Corporation, at its sole cost and expense, furnish all material and perform all work necessary thereafter to maintain their electric facilities and any ancillary facilities installed in accordance with the approved plans and this Secretarial Letter.

14. Upon completion of the alteration of the crossing, Norfolk Southern Railway Company, at its sole cost and expense, furnish all material and perform all work necessary thereafter to maintain its railroad facilities at the crossing, including the flashing-light warning signals, gates, bells, and all appurtenant equipment, and to maintain at all times in a smooth and satisfactory condition the timber and asphalt and the rubber rail seal crossing surfaces located between the rails and for a distance of twenty-four (24) inches beyond the rails; all in accordance with the Manual on Uniform Traffic Control Devices and this Secretarial Letter, and provide the Borough of Emmaus at least ten (10) business days advance notice when performing any work as directed by this paragraph.

15. Upon completion of the alteration of the crossing, the Borough of Emmaus, at its sole cost and expense, furnish all material and do all work necessary to maintain the highway approaches to the subject crossings to points twenty-four (24) inches beyond each outside rail and, in addition, maintain the grade crossing advance warning signs, stop lines and pavement markings on the approaches thereto, all in accordance with Part 8 of the Manual on Uniform Traffic Control Devices and this Secretarial Letter, and provide Norfolk Southern Railway Company, at least ten (10) business days advance notice when performing any work as directed by this paragraph.

16. Upon completion of the work herein directed, and upon written request from any party of record, this proceeding be scheduled for a hearing at a time and place to be determined by the Commission, for the purpose of taking testimony upon the final allocation of any remaining costs incurred by the non-carrier utility companies and other matters relevant to this proceeding.

The Parties are reminded that failure to comply with this or any Order or Secretarial Letter in this proceeding may result in an enforcement action seeking civil penalties and/or other sanctions pursuant to 66 Pa. C.S. § 3301.

All formal documents must be filed with the Secretary of the Commission. Documents must be eFiled, mailed or hand delivered. All filings should be addressed to the Secretary, PA Public Utility Commission, 400 North Street, Harrisburg, PA 17120. The Commission will not accept documents delivered by fax or by e-mail.
