NO ACTION REQUIRED: Your service will continue under your current service agreement without interruption.

Dear Customer,

Tomorrow Energy Corp (“Tomorrow Energy”) has appreciated the opportunity to serve as the Natural Gas Supplier (“Supplier”) for your «UtilityLongName» account. However, in accordance with your terms and conditions, we are writing to let you know that Tomorrow Energy will assign your natural gas supply service to Major Energy Services (“Major Energy”), another Supplier licensed by the Pennsylvania Public Utility Commission. This change will take effect approximately 30 days after the date of this assignment notice, on approximately «Reassignment_Date». After such date Major Energy will provide your natural gas supply service.

Major Energy is run by an experienced team of energy experts with decades of retail energy supply and utility experience. The Major Energy team’s experience in deregulated energy markets enables them to offer competitive prices and friendly customer service.

No action is required on your part when this transfer occurs. Major Energy will honor your current agreement in place with Tomorrow Energy and, except for a change in your Supplier, there will be no other changes to the terms or conditions during the current contract duration. This transfer will not cause an interruption of your natural gas services and you should continue to pay your «UtilityLongName» bill as normal and call «UtilityLongName» in case of an outage or emergency just as you do today. As the date of this notice, your current rate with Tomorrow Energy is \$«Rate»/«UoM» (or «RateCents» cents/«UoM»). You may decline to be assigned to Major Energy in accordance with the cancellation provisions in your current contract with Tomorrow Energy by contacting Tomorrow Energy at the telephone number below. If you decide to not have your contract assigned, you will be returned to your local natural gas distribution company default service unless you enroll with Major Energy or another supplier. The same quality support and service that you are used to with Tomorrow Energy will continue with Major Energy.

As set forth in your current contract with Tomorrow Energy, if you have a fixed rate plan with Tomorrow Energy, your service will continue with the same fixed rate and terms until the end of your contract duration or upon cancellation of your supply service. Thereafter, you will receive information regarding your renewal options. You may also contact Major Energy directly to see what other options are available to you, including new options with Major Energy when your contract expires.

If you have any questions about the transfer of service, please contact Tomorrow Energy by «Last_Day_to_Call». For your convenience, the contact information for both companies is shown below. We thank you for the opportunity to serve you and we are confident you will enjoy your new service with Major Energy.
