F-2024-3051007

Esther Lenzner

I am requesting a postponement for the above case # (vs Phila GAS). Unfortunately my daughter has been battling an addiction for some time (she recently entered rehab and has been discharged). Since her discharge we have been working to set up and get our entire family into group therapy (thankfully we have been able to accomplish just that) unfortunately the date for our family is for Nov 14th (we do not believe we can make it back home in time for hearing). As this is extremely important for my daughters sobriety we ask for a postponement please. (please find copy of discharge from rehab)

Thank you

Esther Lenzner
