TO ALL PARTIES OF RECORD

Application of Columbia Gas of Pennsylvania, Inc. for approval to alter the crossing (DOT 593 409 R) by installation of a 4-inch steel gas line where East Hanover Street (State Route 0394) crosses, at grade, the two (2) tracks of the Patriot Rail Company, operated thereon by Gettysburg & Northern Railroad located in Biglerville Borough, Adams County.

To Whom It May Concern:

By application filed with the Commission on November 8, 2024, Columbia Gas of Pennsylvania, Inc. seeks Commission approval to alter the crossing (DOT 593 409 R) by the installation of a 4-inch steel gas main where East Hanover Street (State Route 0394) crosses, at grade, the two (2) tracks of the Patriot Rail Company, operated thereon by Gettysburg & Northern Railroad located in Biglerville Borough, Adams County.

The new high pressure 4-inch diameter steel gas main will be installed by jack and bore method in the area of the crossing and provide a minimum cover of 10-feet from the bottom of the rail to the top of the new gas main pipe. Additionally, Columbia Gas of Pennsylvania, Inc. will abandon the existing bare steel high pressure gas main at the public crossing.

Commission hereby establishes its tentative jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, Columbia Gas of Pennsylvania, Inc. states that the proposed installation is necessary to replace an existing bare steel gas line that is deteriorated, and the gas service is vital to maintaining Columbia's system and to meet system demands. Columbia Gas of Pennsylvania, Inc. will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the new gas main and casing pipe, at its sole cost and expense. The cost of the project is anticipated to be approximately \$75,000.

All work is to be performed in accordance with the plans entitled "Exhibit A" and consists of two sheets submitted to the Commission with the application.

Columbia Gas of Pennsylvania, Inc. has served a copy of the application and plans on Patriot Rail Company, Arendtsville Borough, Biglerville Borough, Butler Township, First Energy Corporation, Texas Eastern/Enbridge, and the Pennsylvania Department of Transportation. All parties of the application were queried by letter dated November 18, 2024, sent via electronic mail as to any objection to the subject application. None of the parties have responded with any objection to the subject application.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.

The Commission issues this Secretarial Letter in accordance with Section 2702 of the Public Utility Code and finds that the alteration of the crossing is necessary and proper for the service, accommodation, convenience, or safety of the public.
