TO ALL PARTIES OF RECORD

Application of PECO Energy Company for approval to alter the public crossing (DOT 530 979 E) by the installation of a 12-inch steel gas line inside a 16-inch steel casing pipe within the roadway where State Route 2073 (S. Pennsylvania Avenue) crosses, below grade, four (4) tracks of National Railroad Passenger Corporation located in Morrisville Borough, Bucks County.

To Whom It May Concern:

By application filed with the Commission on September 25, 2024, PECO Energy Company (PECO) seeks Commission approval to alter the public crossing (DOT 530 979 E) by the installation of a 12-inch steel gas line inside a 16-inch steel casing pipe where State Route (S.R.) 2073 (S. Pennsylvania Avenue) crosses, below grade, four (4) tracks of National Railroad Passenger Corporation (Amtrak) located in Morrisville Borough, Bucks County.

PECO served a copy of the application and plans on Bucks County, Morrisville Borough, Morrisville Township, Amtrak, and the Pennsylvania Department of Transportation. All parties of record were queried by letter dated October 3, 2024, sent via email as to any objection to the subject application and plans.

On October 7, 2024, Amtrak provided comments via email to a Commission staff engineer regarding the plans attached to PECO's application. The Commission staff engineer discussed Amtrak's comments with a representative of PECO, and it was determined that revised plans would be necessary.

On December 17, 2024, PECO efiled revised plans with the Commission which address Amtrak's comments. None of the parties have responded with any objection to the subject application or revised plans.

The new 12-inch steel gas line with cathodic protection inside a 16-inch steel casing pipe will be installed by open cut trench within the public right-of-way of S.R. 2073 (S. Pennsylvania Avenue) and provide a minimum vertical cover of 4-feet from the top of pavement to the new pipeline. The proposed gas facility will replace an existing 6-inch steel gas line located on the south side of S.R. 2073 (S. Pennsylvania Avenue) which will be abandoned in place.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, PECO states that the proposed installation is necessary and proper for the accommodation, convenience, and service of the public. PECO will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the new facilities, at its sole cost and expense. The cost of the project is anticipated to be approximately \$3,681,775.

All work is to be performed in accordance with the revised plans hereby entitled: "EXHIBIT A" consisting of one (1) sheet submitted to the Commission on December 17, 2024.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.

The Commission issues this Secretarial Letter in accordance with Section 2702 of the Public Utility Code and finds that the alteration of the crossing is necessary and proper for the service, accommodation, convenience, or safety of the public.

The application of PECO Energy Company is approved as herein directed:

1. The caption of the subject proceeding is hereby revised as shown herein.
2. The public crossing (DOT 530 979 E) where State Route 2073 (S. Pennsylvania Avenue) crosses, below grade, four (4) tracks of National Railroad Passenger Corporation in Morrisville Borough, Bucks County be altered generally in accordance with the revised installation plans hereby entitled: "EXHIBIT A" consisting of one (1) sheet provided to the Commission on December 17, 2024; which plans are made part hereof and are hereby approved except insofar as they may relate to the division of work, deletion of work, or the allocation of costs and expenses incident to the installation of the project.
3. PECO Energy Company, at its sole cost and expense, furnish all material and perform all work necessary to alter the crossing by the installation of a 12-inch steel gas line inside a 16-inch steel casing pipe within the joint right-of-way of the highway where State Route 2073 (S. Pennsylvania Avenue) crosses, below grade, four (4) tracks of National Railroad Passenger Corporation; all in accordance with the approved plans and this Secretarial Letter.
4. PECO Energy Company, at its sole cost and expense, furnish all material and perform all work necessary to establish and maintain any detours or traffic controls that may be required to properly and safely accommodate highway and pedestrian traffic during the time the crossing is being altered.

5. Any relocation of, changes in and/or removal of any adjacent structures, equipment or other facilities of any non-carrier public utility company or municipal authority, other than PECO Energy Company, which may be required as incidental to the alteration of the crossing, be made by said public utility company or municipal authority at its initial cost, and in such a manner as will not interfere with the alteration of the crossing; and such relocated or altered facilities thereafter be maintained by said public utility company or municipal authority, at its sole cost and expense.

6. National Railroad Passenger Corporation, at the sole cost and expense of PECO Energy Company, furnish all material and perform all work relating to its facilities which may be required as incidental to the performance of the proposed work and furnish any watchmen, flagmen, inspectors and/or engineering services that may be deemed necessary to protect the railroad's operations or facilities during the time the facilities are being installed.

7. PECO Energy Company, at its sole cost and expense, furnish all material and perform all work necessary to complete the remainder of the project, and any other ancillary features of the project, generally in accordance with the approved plans and this Secretarial Letter.

8. The alteration of the crossing be completed on or before October 31, 2025, and that on or before said date PECO Energy Company, report in writing the date of actual completion of the work to this Commission and certify to the parties of record and this Commission that the work has been satisfactorily completed in accordance with the approved plans and this Secretarial Letter.

9. PECO Energy Company, at its sole cost and expense, pay all compensation for damages, if any, due to owners of property taken, injured, or destroyed by reason of the alteration of the crossing in accordance with this Secretarial Letter.

10. All parties involved herein cooperate fully with each other so that during the time the work is being performed, vehicular, pedestrian and railroad traffic will not be endangered or unnecessarily inconvenienced, and so that the requirements of each of the parties will be provided for and accommodated insofar as possible.

11. PECO Energy Company cooperate with the non-carrier utilities involved, so that during the alteration of the involved crossing, the facilities of the non-carrier utilities will not be endangered or unnecessarily interrupted.

12. PECO Energy Company, at least seven (7) days prior to the start of work, notify all parties of record of the actual date on which work will begin.

13. Upon completion of the alteration of the crossing, PECO Energy Company, at its sole cost and expense, furnish all material and perform all work necessary thereafter to maintain the new 12-inch steel gas line inside a 16-inch steel casing pipe and any ancillary facilities installed in accordance with the approved plans and this Secretarial Letter.

14. Upon completion of the alteration of the crossing, National Railroad Passenger Corporation, at its sole cost and expense, furnish all material and perform all work necessary thereafter to maintain its railroad facilities at the subject crossing in accordance with this Secretarial Letter, and provide the Pennsylvania Department of Transportation and Morrisville Borough at least ten (10) business days advance notice when performing any work as directed by this paragraph that may affect their facilities.

15. Upon completion of the alteration of the crossing, the Pennsylvania Department of Transportation, at its sole cost and expense, furnish all material and perform all work necessary thereafter to maintain its highway facilities at the subject crossing in accordance with this Secretarial Letter, and provide National Railroad Passenger Corporation and Morrisville Borough at least ten (10) business days advance notice when performing any work as directed by this paragraph that may affect their facilities.

16. Upon completion of the work herein directed, and upon written request from any party of record, this proceeding be scheduled for a hearing at a time and place to be determined by the Commission, for the purpose of taking testimony upon the final allocation of any remaining costs incurred by the non-carrier utility companies and other matters relevant to this proceeding.

The Parties are reminded that failure to comply with this or any Order or Secretarial Letter in this proceeding may result in an enforcement action seeking civil penalties and/or other sanctions pursuant to 66 Pa. C.S. § 3301.

All formal documents must be filed with the Secretary of the Commission. Documents must be eFiled, mailed or hand delivered. All filings should be addressed to the Secretary, PA Public Utility Commission, 400 North Street, Harrisburg, PA 17120. The Commission will not accept documents delivered by fax or by e-mail.
