**TO ALL PARTIES OF RECORD**

Application of FastBridge Fiber, LLC for approval to alter the public crossing (DOT 264 153 H) by the installation of a fiber optic cable where Wall Street crosses, at grade, two (2) tracks of SEDA-COG Joint Rail Authority, operated thereon by North Shore Railroad Company located in Danville Borough, Montour County.

To Whom It May Concern:

By application filed with the Commission on January 3, 2025, FastBridge Fiber, LLC (FastBridge) seeks Commission approval to alter the public crossing (DOT 264 153 H) by the installation of a fiber optic cable where Wall Street crosses, at grade, two (2) tracks of SEDA-COG Joint Rail Authority, operated thereon by North Shore Railroad Company (Railroad) located in Danville Borough, Montour County.

The new 10M strand and fiber optic cable will be installed within a 1.25-inch innerduct attached to new replacement utility poles and cross above grade the joint right-of-way of Wall Street and the Railroad. The installation will provide a minimum vertical clearance of 35-feet 5-inches from the top of rail to the new fiber optic cable.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, FastBridge states that the proposed installation is necessary due to customer growth and system integrity. FastBridge will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the new facilities, at its sole cost and expense. The cost of the project is anticipated to be approximately \$10,000.

All work is to be performed in accordance with the plans hereby entitled: "EXHIBIT A" consisting of two (2) sheets submitted to the Commission with the application.

FastBridge served a copy of the application and plans on Berks County, Wernersville Borough, North Shore Railroad Company, the Pennsylvania Department of Transportation, PPL, Service Electric Cablevision, Verizon, Level 3 Communications, LLC, and CTSI, LLC (D.B.A. Frontier Communications). All parties of record, with the addition of Montour County and Danville Borough, were queried by letter dated January 6, 2025, sent via email as to any objection to the subject application and plans. None of the parties have responded with any objection to the subject application or plans. By email dated January 7, 2025, Wernersville Borough requested to be removed as a party of record since the subject crossing is not within its municipality. Montour County and Danville Borough will be made a party to the subject proceeding since they were not served a copy of the application by FastBridge, and Wernersville Borough will be removed as a party to the proceeding.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.

The Commission issues this Secretarial Letter in accordance with Section 2702 of the Public Utility Code and finds that the alteration of the crossing is necessary and proper for the service, accommodation, convenience, or safety of the public.
