

### Dear Honorable Judge,

I am writing in response to PPL Electric Utility Corporation's request to dismiss my evidence regarding the recent issues with my electrical service and the actions of Stephen Bielskie, the President of the Kulpmont Borough Council and owner of Tri County COG.

#### Background

On July 29, PPL Electric Utility Corporation disconnected my service without prior warning, citing concerns about my indoor cats allegedly chewing on wires. I did not receive any notification or opportunity to address these concerns before the service termination. The claims were made by Mr. Bielskie, who has not conducted a formal inspection of my property and provided no documentation to support his allegations.

I have been involved in legal matters regarding excessive cats, but I lost a recent case on May 9, 2024, which prevents these claims from being used against me again (Collateral Estoppel). Additionally, representatives from various agencies, including the Commonwealth of Pennsylvania

Department of Human Services, have visited my home and can provide unbiased reports on its condition.

#### #### Request for Documentation

I urgently request that the commission contact these representatives, particularly Theresa Pritiskutch ([570-904-0207](tel:570-904-0207)), who can attest to the situation in my home. Other recent visitors include Rachel Gething, Courtney Maines, and Julie Baughman, all from Adult Protective Services. Their assessments would provide a true and unbiased account of my living conditions.

#### #### Involuntary Hospitalization

I also want to clarify that I was involuntarily hospitalized for two weeks due to misleading information provided by Mr. Bielskie. I did not engage in any threatening behavior. We have submitted proper documentation to the relevant mental health authorities but have yet to receive a response.

#### #### Violation of Rights

The abrupt disconnection of my electrical service without notice constitutes a clear violation of my rights. This action was unlawful and not in accordance with proper procedures. I have suffered

significant harm and have been left without resolution for over six months.

**#### Request for Consideration**

Given these circumstances, I respectfully request that my evidence be fully considered and that the objections to it be promptly overruled. A fair review of all relevant facts is essential before making a decision.

Thank you for your attention to this matter. I look forward to your prompt response.

Most respectfully,

Dawn Renee Crawford
