PUBLIC NO-

The Company has requested an overall rate increase of \$1,874,600 per year. If the company's entire request is approved, the total customer bill would increase as follows:

•Residential customers using 674 kWh's per month would increase from \$134.29 to \$149.81 per month or by 11.6% including estimated energy charges.

•SC2 Primary Customers using 105,514 kWh's per month would increase from \$13,663.88 to \$14,444.55 per month or by 5.7% including estimated energy charges and sales tax.

•SC2 Secondary Demand Customers using 3,308 kWh's per month would increase from \$597.02 per month to \$642.40 per month or by 7.6% including estimated energy charges and sales tax.

•SC2 Secondary Non-Demand Customers using 532 kWh's per month would increase from \$123.03 per month to \$134.49 per month or by 9.3% including

charges. •Private Lighting customer bills would increase on average from \$37.31 to \$44.20 per month or by 18.5% including estimated energy charges and sales tax.

The company has requested the rate increase because it has incurred and will realize increased operating expenses since its last rate change in 2021. These expenses include the financing of investments in new and replacement infrastructure, as well as increased operating costs due to normal operating conditions and other regulatory demands to meet customer service and reliability requirements. Customers can contact the company at (855) 855-2050 to get further information on the proposed increases, or to find out what action they may take.
