II. FILING BACKGROUND

On January 14, 2025, pursuant to Section 1308(d) of the Pennsylvania Public Utility Code, 66 Pa C.S. § 1308(d), Pike County Light & Power Company – Electric Division (“Pike Electric” or the “Company”) filed Supplement No. 105 to Tariff Electric – Pa. P.U.C. No. 8. Pike Electric proposes to increase distribution rates to produce additional operating revenues of \$1,874,600 per year. Pike Electric also proposes to roll into distribution rates the Company’s Distribution System Improvement Charge (“DSIC”) of \$269,300.

The Office of Small Business Advocate (“OSBA”) filed a Complaint on January 24, 2025.

III. IDENTIFICATION OF WITNESS AND TENTATIVE ISSUES

Assisting in the development and presentation of the OSBA’s case in this proceeding will be:

The OSBA will participate in this proceeding to assure that the interests of small business customers are adequately represented and protected. After an initial review of the materials submitted by Pike Electric, the OSBA has identified the following list of issues that it will evaluate in this proceeding:

- (1) Whether the Company's proposed class cost of service study reasonably reflects cost causation, past practice, and Commission precedent;
- (2) Whether the Company's methodologies for classifying primary and secondary voltage plant are fair, accurate, and consistent with practices of other electric distribution companies in Pennsylvania;
- (3) Whether the Company's allocation of services lines costs is fair, reasonable, and consistent with economies of scale in services costs;
- (4) Whether the Company's proposal to include electronic payment fees in its revenue requirement is fair and reasonable, and whether the Company's methodology to implement this change accurately reflects how electronic payment fees were incurred historically;
- (5) Whether the Company's revenue allocation proposal reasonably reflects a proper class cost of service study, rate gradualism, credible competitive concerns, and other established rate design principles;
- (6) Whether the Company's proposed rate design for the SC-2 customer classes is consistent with allocated costs and other established rate design principles; and
- (7) Whether the Company's distribution system charge ("DSIC") revenues are accurately reflected in the Company's tariff filing.

The OSBA reserves the right to pursue additional issues that may arise throughout this proceeding.

IV. SERVICE OF DOCUMENTS

In accordance with 52 Pa. Code § 1.54(b)(3)(i), the OSBA agrees to accept electronic

mail delivery of documents on the due date¹ as satisfying the in-hand requirement.

The OSBA requests that email delivery of documents also be provided to its witnesses identified above.

In addition to email copies of pleadings, briefs, and exceptions, the OSBA requests email copies of responses to discovery propounded by the OSBA or any other party.

V. SETTLEMENT

The OSBA notes its willingness to enter into settlement discussions at the appropriate phase of this proceeding.

VI. HEARING AND BRIEFING SCHEDULE

At the time of this writing the parties are working on a proposed procedural schedule.

Respectfully submitted,

/s/ Steven C. Gray
