Pursuant to Section 16.8 of your GTOS, subject to regulatory approvals¹, your Service Term will terminate **effective 11:59 pm EST April 30, 2025** (the "EoL Date"). After the EoL Date, Mitel will discontinue (decommission and disconnect) MiCloud Flex services throughout the United States, including the District of Columbia and Puerto Rico. All customers must find alternative service prior to the EoL Date to avoid service disruption.

BEYOND THE END-OF-LIFE DATE...

- You will not be able to access any of the features of MiCloud Flex and will lose access to any data stored therein, which will be permanently deleted in accordance with the GTOS
- You will no longer be able to operate any services on flex.
- Customers should export any reports, call recordings, or other data before the EoL date, as needed. In addition, after the EoL date, you will no longer be able to port your phone numbers.

****Customers must consider these points and ensure sufficient lead time to complete number porting prior to the EoL date. Mitel suggests you allow up to 45 days for the transfer of your phone numbers.**

Notwithstanding, customers should work with their new provider to identify timelines and processes required for porting phone numbers.

Mitel aims to ensure that you have the best path forward and wants to help make any future migration as seamless as possible for you.

Mitel will send periodic reminders of the end of life. Additionally, customers are encouraged to engage their Mitel Partner who can provide support through the EoL process. Your partner is aware of this notice and is ready to provide support! Customers may also reach out to CustomerSuccess@mitel.com with any questions.

Frequently Asked Questions

Why is Mitel announcing the end of life of the MiCloud Flex?

Mitel is ending the MiCloud Flex service because it has been in sustain-only mode, meaning no new features or capabilities have been added.

Will an existing customer be able to add services or a new location to their account?

At this time Mitel will allow customers to add capacity to their existing services. While service will continue until the EoL Date, all customers must find alternative service prior to this date. Subject to regulatory approvals, services will be disconnected after the EoL Date.

Who should customers contact for more information?

Customers will be encouraged to contact CustomerSuccess@mitel.com with any questions about the EoL.

I still have an existing term left on my contract. Will I be charged an early termination fee?

Customers will not be liable for any Service Fees or Early Termination Fees in respect of any period after this End-of-Life announcement. To the extent that they have prepaid any Service Fees in respect to any period after the EoL Date, Mitel will refund them the Service Fees paid by the customer in respect of such period.

My current contract ends prior to the EoL. I am not able to find a replacement service prior to their current contract end date. Will I be able to renew?

Notwithstanding section 7.2 of the GTOS, contracts ending prior to the EoL Date will automatically renew on a month-to-month basis until the EoL Date unless notified otherwise. All services will be disconnected after the EoL Date.

I have signed up for new service from another provider, when should I submit to my new provider to transfer existing phone numbers?

For guidance, Mitel suggests customers allow 45 days for transfer of their phone numbers. Notwithstanding, customers should work with the new provider to identify timelines and processes required for porting phone numbers.

The decision maker on file for my customer has changed. How can we make sure future reminders go to the correct decision maker?

Customers can update their decision maker contact by contacting MCSCustomerService@mitel.com.

Mitel provides my connectivity circuits. Will I be able to keep it when I switch service providers?

No. Mitel will disconnect (deprovision) any circuits provided as part of their MiCloud Flex service. When planning for replacement services, additional time for procurement and installation may be required.

I am ready to disconnect, who do I contact?

Customers should follow the termination process outlined in section 7.7 of the Global Terms of Service. For written notice contact MCSCustomerService@mitel.com. Subject to regulatory approvals, services will be disconnected after the EoL Date.

¹The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the § 63.71 Application of Mitel Cloud Services, Inc. Comments should include specific information about the impact of this proposed discontinuance (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.
