v.

Pennsylvania American Water Company

Docket No. C-2024-3052368

Answer of complainant to Respondent: Pursuant to 52 Pa Code 5.61

Response To #4 Is false statement of fact the leak occurred in the water Company's water valve which should have been removed when a second water valve was placed closer to the main water line. This was done decades before I purchased the property.

Response to #5 Is false statement of fact, for the statement to be true, someone would have had to steal a water Company valve and installed it where it served no use. If the commission does not have power or jurisdiction to award monetary damages, I ask that the commission establish a record of facts that will be useful when I take this to the Magistrate.

Request for relief

Wherefore, for all of the reasons stated herein, Robert Kuniegel requests that your Honorable Commission do whatever is in your power to end the abuse that I am being put threw.

Respectfully Submitted,

Robert Kuniegel
