

Docket C-2024-3050153 Dontissa Wilmer vs PECO

Good morning Judge Guhl,

This is a letter to the Courts concerning Exhibits on PUC Website. I was on the PUC website viewing my case Docket 2024-3050153 Exhibits that are open to the public. I notice that all the Exhibits that I presented to the courts are not on the site. Why isn't all the Exhibits that I presented to the courts not available for the public to view? I also notice that two Exhibits video's V90 of property 10916 showing compromised Peco power lines and Exhibit V91 showing the Line that is connect to my ground power but is going into my next door neighbor property are altered and does not show the complete video. I want the Public to see all Exhibits that I submitted in this case. Who can I contact to update the docket Exhibits so the Public can view them.

Thank you,  
Dontissa Wilmer
