To Whom It May Concern:

By application received by the Commission on December 30, 2024, Verizon Pennsylvania LLC seeks Commission approval to alter the public crossing (DOT 528 177 E) by placement of a fiber optic cable and an aerial innerduct where SR 3049 (State Street) crosses, at grade, a track of RJ Corman Railroad Group, LLC (RJ Corman Railroad) located in Rush Township, Centre County.

Verizon proposes to attach a fiber optic cable and an aerial innerduct on Verizon poles within the joint right of way of SR 3049 and RJ Corman Railroad. The proposed aerial fiber optic line will have a minimum overhead clearance of 27.0 feet above the tracks.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, Verizon Pennsylvania, LLC states that the proposed aerial fiber optic cable is necessary to provide rural broadband. Verizon Pennsylvania, LLC will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the fiber optic facilities, at its sole cost and expense. The cost of the project is anticipated to be \$10,000.
