Re: **PECO Energy Company's 2019-2028 Universal Service and Energy Conservation Plan**
Docket Nos. M-2018-3005795, P-2020-3020727, and P-2020-3022154

Dear Secretary Chiavetta:

Enclosed for filing in the above-captioned proceedings is the 2025 Customer Education and Outreach Plan of PECO Energy Company ("PECO"), which is being filed in accordance with Ordering Paragraph 14 the Commission's June 2022 Order on PECO's Universal Service and Energy Conservation Plan.

If you have any questions or concerns, please feel free to contact me directly at 267-533-1775.

Very truly yours,

A handwritten signature in black ink, appearing to be "C. Choi", written in a cursive style.

Caroline S. Choi

Enclosure

PECO Energy Company’s Customer Education and Outreach Plan (CEOP) – 2025¹

Background: PECO’s Low-Income Programs

PECO Energy Company (“PECO” or the “Company”) has a comprehensive, complementary suite of low-income programs designed to help provide energy security for low-income households. PECO’s programs address bill payment assistance, utility and government grant programs, usage reduction, and situational assistance.

PECO’s Customer Assistance Program (“**CAP**”) provides ongoing bill payment assistance for households at or below 150% of the Federal Poverty Level (“FPL”).

In addition to ongoing bill payment assistance via CAP, PECO provides usage reduction services via its Low-Income Usage Reduction Program (“**LIURP**”). LIURP is designed to complement CAP by providing usage reduction education and, if eligible, remediation measures to decrease the amount of energy used, thereby reducing bills and increasing affordability. LIURP income eligibility is 200% FPL or below.

PECO also has a hardship program – Matching Energy Assistance Fund (“**MEAF**”) – that provides customers at or below 200% FPL whose service is in threat of termination or has been terminated for non-payment with a grant to cure their hardship.

PECO provides support for customers who seek a Low-Income Home Energy Assistance Program (“**LIHEAP**”) grant. PECO provides the LIHEAP application in English and Spanish on its website and a LIHEAP hotline to assist customers with LIHEAP questions. The Company also serves as a liaison between the customer and the Department of Human Services (“DHS”) to assist with and address questions regarding LIHEAP.

PECO has a Customer Assistance Referral and Evaluation Service (“**CARES**”) team that provides referral and information services to assist special-needs, low-income customers who have financial hardships.

Programs identified above and listed below represent PECO’s suite of low-income assistance programs:

Program Name	Acronym	Program Type
<i>Customer Assistance Program</i>	<i>CAP</i>	<i>Ongoing bill assistance</i>
<i>Low-Income Usage Reduction Program</i>	<i>LIURP</i>	<i>Usage reduction</i>
<i>Matching Energy Assistance Fund</i>	<i>MEAF</i>	<i>Hardship grant</i>
<i>Low-Income Home Energy Assistance Program</i>	<i>LIHEAP</i>	<i>Government grant</i>
<i>Customer Assistance Referral and Evaluation Service</i>	<i>CARES</i>	<i>Situational assistance</i>

¹ This CEOP is filed in accordance with the Pennsylvania Utility Commission’s June 16, 2022, Order at Docket No. M-2018-3005795 (OP 14); as described in that Order (OP 5.f), this CEOP may be modified and enhanced within the duration of the 2019-2028 Universal Service and Energy Conservation Plan.

PECO's Community Engagement Team:

PECO's Community Engagement ("CE") team was launched in 2019. CE is responsible for Outreach and Education regarding the core programs that serve our low-income customers. CE is also responsible for engaging community partners and service providers who support low-income communities.

The primary purpose of PECO's CE team is to increase:

- **Awareness**
- **Access**
- **Enrollment**

Each of the three pillars above builds off the preceding pillar.

Awareness:

As noted above, awareness is the first building block of PECO's outreach strategy. For this reason, PECO conducts a variety of outreach events/efforts throughout our service territory every year. Outreach locations are strategically selected and come from a variety of sources. PECO also uses external agencies to advance awareness.

External Relationships/Community Partners:

In 2019, PECO entered into relationships with twenty-three (23) Community Based Organizations ("CBOs") to become PECO "CAP Enrollment Sites". These organizations, strategically located throughout PECO's service territory, are trusted entities in low-income communities.

Since that time, PECO has onboarded eight (8) additional organizations as CAP enrollment sites, bringing the total of PECO CAP Enrollment Sites to thirty (31). The list of PECO's CAP enrollment sites is included as **Attachment A**.

In addition to onboarding CAP Enrollment Sites, PECO expanded its relationships with other specialized organizations that support various vulnerable low-income populations, including hospital systems. In 2024, PECO established a partnership with the Philadelphia public school district.

PECO created a process and provided trainings whereby these organizations can formally refer their clients to us. This new referral process expands PECO's reach to these vulnerable populations. In 2023, PECO received and worked 1,614 referrals from various entities, including those noted above. In 2024, PECO received and worked 2,600 referrals. Customer referrals have become a major focus area for CE, and we anticipate continuing referral relationships for the foreseeable future.

See **Attachment B** for a full list of PECO outreach events for calendar year 2024.

Outreach Location Selection Strategy:

PECO receives numerous outreach requests annually from various entities (e.g., CBOs, elected officials' offices, etc.). PECO considers U.S. Census and PECO customer zip code data when selecting and/or soliciting outreach event locations. Specifically, PECO prioritizes the following for outreach locations:

- Low-income zip codes: 0–200% FPL
- LEP (Limited English Proficiency) zip codes
- 0-50% FPL zip codes
- Zip codes that have the highest levels of termination activity

Outreach Staffing Strategy:

Staffing for outreach events is determined on a case-by-case basis. PECO considers the following factors in determining staffing needs for each individual outreach event:

- Type of event – table, enrollment, or presentation
- Number of anticipated attendees
- LEP areas – for Spanish speaking zip codes, PECO makes every attempt to staff those events with Spanish speaking resources. For non-Spanish speaking LEP areas, PECO works with event organizers and/or community partners to solicit interpreters who speak the language requested.

Enhancements in Outreach since Community Engagement's Inception in 2019:

- **Low Income Simulations:**
 - A 3-hour simulation exercise designed to help participants better understand the challenges and lived experiences of low-income individuals and families.
 - The purpose is to engage in a shared experience that illustrates structural barriers, as well as personal and emotional challenges people in poverty face every day.
- **Virtual Enrollment Sessions:**
 - PECO identifies customer segments who could benefit from Virtual Enrollment sessions (e.g., CAP customers for whom PECO has not received a LIHEAP grant) and solicits their participation via email and social media.
 - In 2024, PECO conducted 30 Virtual Enrollment sessions assisting over 1,200 customers with a variety of services based on their specific needs, including enrollment in CAP, payment agreements, and LIHEAP assistance. Approximately 3,900 customers signed up for these sessions. Customers who did not attend were contacted and assisted (*if reached*) the day after their missed virtual appointment.
- **Collaborations**
 - PECO collaborates with agencies that support low-income communities with a variety of utility and non-utility assistance options.
 - PECO recognizes that low-income customers may need assistance with items other than their utilities. To that end, PECO has partnered with **Findhelp.org**, a national, online assistance finder portal that provides information and links to a variety of free or low-cost assistance (e.g., pharmacy assistance, food pantries, etc.). PECO promotes Findhelp.org on its website <http://peco.findhelp.com> and received 2,600 Findhelp referrals in 2024.

Access:

The second outreach pillar is Access. A variety of methods exist to access PECO’s assistance programs. PECO understands that customers have different engagement tolerances and preferences. While PECO maintains and encourages simple, online enrollment options, the Company recognizes that some customers are either uncomfortable with online enrollment or lack the IT tools necessary for online enrollment. For this reason, PECO continues to offer a variety of enrollment options, including²:

- Online
- Virtual Customer Sessions
- U.S. Mail
- Email
- Fax
- Community Partners
- In-person Outreach Events

0-50% FPL Outreach:

Income eligibility for PECO’s CAP is 0-150% FPL. That number is broken down into 3 tiers (0-50% FPL; 51-100% FPL; and 101-150% FPL). The lowest tier (0-50% FPL) is also referred to as the “poorest of the poor” and has historically been the hardest group to reach. PECO recognizes there are unique challenges with this customer segment and has increased its targeted outreach to this customer population.

PECO’s target for CAP participation of 0-50% FPL customers for the 5-year period of 2024 to 2027 is a 5% increase year over year. As total enrollment is a product of both new enrollment and recertification retentions, PECO focuses on both new enrollees as well as recertification retentions for the 0-50% FPL population.

The actuals for CAP participation of 0-50% FPL for calendar year 2024 was as follows:

<i>Category</i>	<i>2024 Target</i>	<i>2024 Actual</i>	<i>Percentage Change</i>
CAP 0-50% FPL	29,905	38,307	+28%

CAP enrollment goals for 2024 through 2027 for customers under 50% FPL are as follows:

<i>Calendar Year Ending</i>	<i>CAP 0-50% FPL Customers</i>
<i>2024</i>	29,905
<i>2025</i>	31,400
<i>2026</i>	32,970
<i>2027</i>	34,618

² For customers who have disabilities or are otherwise unable to attend an in-person event or utilize technology-based enrollment methods (e.g., online, virtual sessions), PECO’s MEAF agencies will, on a limited basis, provide in-home enrollment assistance.

LEP – Limited English Proficiency:

PECO conducted analysis using government data (U.S. Census and American Community Survey – ACS) to determine dominant languages in our service territory. PECO defines a dominant language as one spoken by 5% or more of the residents in our service territory. Spanish is the only language that hits that 5% threshold (Chinese is second, at 3% of our service territory).

PECO provides certain documents, including the Low-Income Customer Brochure, CAP application, no-income form, LIHEAP application, and “New Customer Handbook” in English and Spanish.

PECO provides language assistance to our LEP customer base via a variety of other methods including:

- LEP assistance via Language Line for up to 128 different languages
- Portions of PECO’s website translated into Spanish and Simplified Chinese
- LEP community organizations onboarded as PECO CAP enrollment sites
- Spanish-speaking staff at PECO virtual enrollment sessions
- Outreach presentations in Spanish for Spanish-dominant zip codes
- Radio interviews and advertising in English and Spanish
- LEP placards for outside field forces to assist in language translations as needed

Enrollment:

The final pillar of PECO’s outreach plan is enrollment. Enrollment of customers that are new to CAP is one measure of the success of the Company’s outreach efforts. To that end, annual projections and totals for CAP new enrollment participation of 0-150% FPL are shown below:

Measurement	2024 Projections	2024 Actual	Percentage Change
CAP New Enrollees	15,600	13,590	-13%

The CAP New Enrollee projection for 2025 is 13,998.

Other Outreach Metrics:

In addition, PECO has other measures of success related to its low-income outreach, specifically:

- LIHEAP Dollars
- Outreach Events
- Limited English Proficiency (LEP) Outreach Events

Measurement	2024 Projections	2024 Actuals	Percentage Change
LIHEAP Dollars*	\$17M	\$16.8M	- .02%
Outreach Events	235	333	+ 42%
LEP Outreach Events	n/a **	59	n/a

*LIHEAP Dollars – Total PA LIHEAP allocation for FY (Funding Year) 2024 was \$169M. PECO’s projection for FY 2024 was 8% of the PA state allocation or \$17M.

**LEP – 2022 is the first year PECO tracked LEP events. PECO will continue to track LEP efforts for 2023, 2024 and 2025 and will set targets for outer years based on actuals as well as customer needs.

In calendar year 2024, CE completed 333 outreach events. The outreach event projection for 2024 was 235 events. Any given year can present more, or fewer, outreach opportunities based on outside organization events.

Below represents outreach efforts in calendar year 2024 by category:

- Total number of events – In-Person and Virtual: 333
 - Total number of in-person events: 287
 - Total number of virtual events: 46
 - *PECO virtual enrollment sessions: 30*
 - *Virtual radio events: 8*
 - *Other virtual events: 8*
- Total number of LEP events: 59 (*subset of 333 total*)
- Total number of 0-50% FPL events: 176 (*subset of 333 total*)

For 2025, PECO's projections are as follows:

- **LIHEAP Dollars** – 8% of the total Pennsylvania LIHEAP allocation
- **Outreach** – 235 events
- **LEP** – PECO will continue to track LEP events in 2025 and establish an LEP Outreach goal for 2026 and beyond.

Additional Outreach Data Collection and Reporting:

In addition to the previously noted measures of success, PECO will collect data on outreach elements in calendar year 2025 to evaluate establishing additional goals for 2026 and beyond. Those elements include:

- Number of referrals received from various partners (i.e., Findhelp)
- Number of Virtual Enrollment events (i.e., number of customers signed up, number of customers assisted during the sessions)
