4. Per-Call Blocking

Per-Call Blocking will prevent the display of a customer's telephone number or number and name on outgoing calls. This feature may be utilized at any time through the activation of a special code prior to dialing an outgoing call. Per-Call Blocking is provided at no charge and is automatically placed on all telephone lines by the Telephone Company. Per-Call Blocking will not prevent the display of a telephone number or number and name to 9-1-1 emergency service providers.

Per-Call Blocking is also available to all pay telephones. Instructions on how to use Per-Call Blocking will be provided at each pay telephone location.

5. Special Provisions

In cases where Telephone Company customers are victims of domestic violence, or are representatives of domestic violence agencies, or are representatives of emergency service agencies, calls placed through a live operator in order to protect the identity of the calling party will be completed without the application of an operator service charge.

Qualifying customers may need to notify the Telephone Company to request this credit if the operator service charge cannot be waived at the time the call is being placed.
