RE: Petition of Borough of Ambler Water For Approval of its Long-Term Infrastructure Improvement Plan; P-2023-3041666

Dear Secretary Chiavetta:

On November 9, 2023, the Pennsylvania Public Utility Commission (“Commission”) entered an Order approving the Borough of Ambler’s (“Borough”) Long-Term Infrastructure Improvement Plan for the period January 1, 2024 – December 31, 2028. In addition to approving the LTIIIP, the Order also required the Borough to submit an annual Asset Optimization Plan (“AOP”) pursuant to 52 Pa. Code § 121.6 beginning in March of 2025, including updates on unaccounted for water and main break occurrences.

Relevant to this correspondence, the Borough filed the LTIIIP as a precondition for implementation of a Distribution System Improvement Charge (“DSIC”). Order at 2. While the Commission previously approved a DSIC for the Borough through its November 10, 2022, Order at Docket No. R-2022-3031704, the Borough has not commenced use of the surcharge mechanism. Because the Borough has not begun to implement the DSIC, the Borough respectfully requests that the Commission grant a limited waiver pursuant to 52 Pa. Code § 5.43 for the filing of an AOP until March of 2026.

Sincerely,

A handwritten signature in black ink, appearing to read 'Adeolu A. Bakare', written over a white background.
