TO ALL PARTIES OF RECORD

Application of UGI Utilities Inc for approval to retire in place 100 feet of 4-inch cast iron gas main where Sixth Street crosses, at grade, the tracks of Norfolk Southern Railway Company in Emmaus Borough, Lehigh County (DOT# 592 402 P).

To whom it may concern:

By application filed with the Commission on November 13, 2024, UGI Utilities, Inc seeks Commission approval to retire in place 100 feet of 4-inch cast iron gas main where Sixth Street crosses, at grade, the tracks of Norfolk Southern Railway Company in Emmaus Borough, Lehigh County (DOT# 592 402 P).

This removal will not require surface excavation within the Norfolk Southern Railway Company's right-of-way since the existing gas main will be retired in place. UGI will perform cuts to introduce air and vent the gas outside the bounds of the Norfolk Southern Railway Company's right-of-way.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, UGI Utilities, Inc states that the proposed project is necessary and proper since retirement of existing cast iron pipeline is part of UGI's efforts to replace aging infrastructure. UGI Utilities, Inc will be directed to perform the necessary work, provide for maintenance and protection of highway and pedestrian traffic during the retirement and accept future maintenance responsibility for any UGI facilities, at its sole cost and expense. The cost of the project at the subject crossing is anticipated to be approximately \$800,000.

All work is to be performed in accordance with the drawing plans attached to the application as "Exhibit A".

UGI Utilities Inc has served a copy of the application and project plans to all parties in interest. All parties in interest were queried by letter dated January 8, 2025, as to any objection to the subject application. None of the parties have responded with any objection to the subject application or plans.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.

The Commission issues this Secretarial Letter in accordance with Section 2702 of the Public Utility Code and finds that the alteration of the crossing is necessary and proper for the service, accommodation, convenience, or safety of the public.

The application of UGI Utilities, Inc is approved as herein directed:

1. The caption of the subject proceeding is hereby revised as shown herein.
2. The crossing where Sixth Street crosses, at grade, the tracks of Norfolk Southern Railway Company in Emmaus Borough, Lehigh County (DOT# 592 402 P) be altered generally in accordance with the plan entitled: "EXHIBIT A"; which plan is made part hereof and is hereby approved except insofar as they may relate to the division of work, deletion of work, or the allocation of costs and expenses incident to the installation of the project.
3. UGI Utilities Inc, at its sole cost and expense, furnish all material and perform all work necessary to alter the crossing by retiring in place 100 feet of 4-inch cast iron gas main within the joint right-of-way of the highway where Sixth Street crosses, at grade, the tracks of Norfolk Southern Railway Company, all in accordance with the approved plan and this Secretarial Letter.
4. UGI Utilities Inc, at its sole cost and expense, furnish all material and perform all work necessary to establish and maintain any detours or traffic controls that may be required to properly and safely accommodate highway and pedestrian traffic during the time the crossing is being altered.
5. Any relocation of, changes in and/or removal of any adjacent structures, equipment or other facilities of any non-carrier public utility, other than UGI Utilities, Inc, which may be required as incidental to the alteration of the crossing, be made by said public utility at its initial cost, and in such a manner as will not interfere with the alteration of the crossing; and such relocated or altered facilities thereafter be maintained by said public utility, at its sole cost and expense.
6. Norfolk Southern Railway Company, if necessary and agreed upon, at the sole cost and expense of UGI Utilities Inc, furnish all material and perform all work relating to its facilities which may be required as incidental to the performance of the proposed work and furnish any watchmen, flagmen, inspectors and/or engineering services that may be deemed necessary to protect the railroad's operations or facilities during the time the facilities are being installed.
7. UGI Utilities Inc, at its sole cost and expense, furnish all material and perform all work necessary to complete the remainder of the project, and any other ancillary features of the project, generally in accordance with the approved plans and this Secretarial Letter.

8. The alteration of the crossing be completed on or before December 31, 2026, and that on or before said date UGI Utilities Inc, report in writing the date of actual completion of the work to this Commission and certify to the parties of record and this Commission that the work has been satisfactorily completed in accordance with the approved plans and this Secretarial Letter.

9. UGI Utilities Inc, at its sole cost and expense, pay all compensation for damages, if any, due to the owners of property taken, injured, or destroyed by reason of the alteration of the crossing in accordance with this Secretarial Letter.

10. All parties involved herein cooperate fully with each other so that during the time the work is being performed, vehicular, pedestrian and railroad traffic will not be endangered or unnecessarily inconvenienced, and so that the requirements of each of the parties will be provided for and accommodated insofar as possible.

11. UGI Utilities Inc cooperate with the non-carrier utilities involved, so that during the alteration of the involved crossing, the facilities of the non-carrier utilities will not be endangered or unnecessarily interrupted.

12. UGI Utilities Inc, at least fourteen (14) days prior to the start of work, notify all parties in interest of the actual date on which work will begin.

13. Upon completion of the alteration of the crossing, UGI Utilities, Inc, at its sole cost and expense, furnish all material and perform all work necessary thereafter to maintain any ancillary facilities located at the subject crossing in accordance with the approved plans and this Secretarial Letter.

14. Upon completion of the alteration of the crossing, Norfolk Southern Railway Company, at their sole cost and expense, furnish all material and perform all work necessary thereafter to maintain its railroad facilities at the subject crossing, including the warning devices and all appurtenant equipment; and maintain at all times in a smooth and satisfactory condition the crossing surface located between the rails and for a distance of twenty-four (24) inches beyond the outermost rails and the area in between the tracks, all in accordance with Part 8 of the Manual on Uniform Traffic Control Devices and this Secretarial Letter, and provide the Emmaus Borough at least ten (10) business days advance notice when performing any work that may affect their facilities, as directed by this paragraph.

15. Upon completion of the alteration of the crossing, the Emmaus Borough, at its sole cost and expense, furnish all material and do all work necessary thereafter to maintain the highway approach roadway of the subject crossing to points twenty-four (24) inches beyond each outside rail and in addition, maintain the grade crossing advance warning signs, stop lines and pavement markings, if required, all in accordance with Part 8 of the Manual on Uniform Traffic Control Devices and this Secretarial Letter, and provide Norfolk Southern Railway Company at least ten (10) business days advance notice when performing any work that may affect their facilities as directed by this paragraph.

16. Upon completion of the work herein directed, and upon written request from any party of record, this proceeding be scheduled for a hearing at a time and place to be determined by the Commission, for the purpose of taking testimony upon the final allocation of any remaining costs incurred by the non-carrier utility companies and other matters relevant to this proceeding.

The Parties are reminded that failure to comply with this or any Order or Secretarial Letter in this proceeding may result in an enforcement action seeking civil penalties and/or other sanctions pursuant to 66 Pa. C.S. § 3301.

All formal documents must be filed with the Secretary of the Commission. Documents must be eFiled, mailed or hand delivered. All filings should be addressed to the Secretary, PA Public Utility Commission, 400 North Street, Harrisburg, PA 17120. The Commission will not accept documents delivered by fax or by e-mail.
