RE: Agway Energy Services LLC's license update

Dear Ms. Mills:

The Pennsylvania Public Utility Commission (Commission) staff recently conducted an internal review of Agway Energy Services LLC's Commission issued Electric Generation Supplier (EGS) license. The review revealed an inconsistency regarding services areas on your license. As a result, the Commission is issuing a revised EGS license to correct this inconsistency and clearly identify the licensees' operations, customer classes, and service areas.

Please note, the Commission is only correcting the language on the license, not altering the approved authorities related to the operations, customer classes, and service areas.

The Secretary's Bureau will issue a new license to Agway Energy Services LLC to begin to offer, render, furnish or supply electric generation supplier services to residential, small commercial (25 kw and under demand), and large commercial (over 25 kw demand) customers in the electric distribution company service territories of Duquesne Light Company, Metropolitan Edison Company, PECO Energy Company, Pennsylvania Electric Company, Pennsylvania Power Company, PPL Electric Utilities Corporation, UGI Utilities, Inc., and West Penn Power Company in the Commonwealth of Pennsylvania.

Please direct any questions or concerns to Stephen Jakab, Bureau of Technical Utility Services, at sjakab@pa.gov.

Sincerely,

A handwritten signature in black ink that reads 'Rosemary Chiavetta'. The signature is fluid and cursive.
